## SENATE PASSES PROHIBITION BILL OVER VETO

KING ALBERT PAYS  
WARM TRIBUTE TO  
U. S. IN ADDRESSES  
BEFORE CONGRESS

Monarch Speaks to Senate  
and House, Declaring  
American Ideals Actuate  
His People—Says Our  
Army Was Decisive Fac-  
tor in Victory.

PRAISES VIRTUES THAT  
SENATE EXEMPLIFIES

By the Associated Press.  
WASHINGTON, Oct. 28.—King  
Albert of the Belgians paid homage  
in the House of Representatives to-  
day to the American army, which he  
described as "the decisive factor in  
determining the victory." In an ad-  
dress to the Senate a few minutes  
earlier he had asserted that "nothing  
could better characterize the  
reign of universal democracy" than  
the friendship between his country  
and the United States.

The addresses of his majesty today  
were the longest and most important  
he has made in America. They were  
intended as messages to the entire  
nation and his sincerity in ex-  
pressing the thanks of Belgium to  
America for their aid was plainly evi-  
dent.

Has Been Deeply Moved.  
"I salute," he said to the Senate,  
"not only the eminent men who re-  
ceived me here during the day, but I  
salute the memory of your great  
precursors who during 130 years  
have set in this place and given to  
the whole world the example of  
highest civic virtues. This welcome  
of the Senate seals that reception  
so warm and so spontaneous I have  
received everywhere during my jour-  
ney across this magnificent country.  
I am deeply moved by the expres-  
sion of sympathy that the name of  
Belgium evokes from this noble  
American people.

"Nothing could better character-  
ize the reign of universal democracy  
than that friendship which unites  
the great republic with its 110,000,  
000 citizens and the realm of which  
I am the constitutional head. With  
its 7,500,000 inhabitants. If there is  
no equality of power and riches be-  
tween them, there is equality in the  
love of liberty and in aspiration to-  
ward social progress. On both sides  
of the Atlantic the same ideal in-  
spires us. The exchange of ideas,  
the commercial relations, the visits  
of Belgium of eminent American  
citizens, of whom many are in this  
assembly, are so many means of  
tightening the bonds between the  
two nations.

"I hope with all my heart that  
these relations, which go back as  
far as memory, which have been  
fortified during the war as well as  
by the admirable assistance which  
you rendered Belgium by feeding  
her people and by fraternity in arms,  
will never cease to develop for the  
great good of the two peoples."

## Speech in the House.

The visit to the Senate of King  
Albert and the Duke of Brabant, last-  
ed only half an hour and they went  
immediately to the House. In his  
address there his majesty said:  
"I am happy to be able to bear to  
this chamber, which embodies the  
living spirit of the American people,  
the greetings of Belgium, a demo-  
cratic and parliamentary state cre-  
ated by the vote of the popular as-  
sembly of 1830, which proclaimed the  
independence of our provinces. It is  
a pleasure to recall that many of  
the provisions of our constitution  
were taken from your fundamental  
law, so that at the outset of her car-  
eer Belgium was indebted to you.  
"Our two peoples have fought and  
triumphed together. The intervention  
of the American army was the  
decisive factor in determining the  
victory. I pay my respectful and  
sincere homage to the officers, the  
soldiers and sailors who fell for a  
great cause on the battlefields of  
Europe and in the defense of the  
sea.

"The hearts of Belgians whom  
these heroes helped to liberate from  
the domination of the enemy, are  
in profound gratitude to the wound-  
ed. In their name I address to the  
wounded of the great war the as-  
surance of our affection and sym-  
pathy. I express the gratitude of  
Belgium to those distinguished  
American citizens who gave them-  
selves with such a spirit of sacrifice  
to the task of lightening the suffer-  
ings of the Belgian people.

"In this noble assembly I solemnly  
thank the members of the commis-

FAIR TONIGHT AND TOMORROW  
WITH TEMPERATURE ABOUT 30

## THE TEMPERATURES.

Highest yesterday, 62, at 6 p. m.;  
lowest, 46, at midnight.

A LOAFING PICK  
GATHERS NO  
COAL.

Official fore-  
cast for St. Louis  
and vicinity:  
Fair tonight and  
tomorrow; cold-  
er tonight with a  
temperature of  
about 30 de-  
grees; rising tem-  
perature to-  
morrow.

Missouri: Fair  
tonight and to-  
morrow; free-  
zing temperature  
in east and  
south portions  
and colder in  
extreme east  
portion tonight;  
rising tempera-  
ture tomorrow  
and in northwest portion late to-  
night.

Illinois: Fair and colder tonight,  
with heavy frost and freezing tem-  
perature in north and central por-  
tions; tomorrow, fair with slowly  
rising temperature.

FILLING STATIONS ADVANCE  
GASOLINE PRICE TO 23 CENTS

Standard Oil Official Says 1-2 Cent  
Increase Is Due to Special Tax  
Imposed by City.

The price of gasoline at filling sta-  
tions operated in the city by the  
Standard Oil Co. and the Pierce Oil  
Corporation advanced from 22 1/2  
cents to 23 cents a gallon today.  
There are three other oil companies  
marketing their product in St. Louis  
and it was said that they also would  
raise the price. The increase also  
was made to apply to gasoline dis-  
tributed to retailers in tank wagons.

An official of the Standard Oil Co.  
said that a rise in the price was  
due to the special tax of a half-cent  
a gallon imposed on the companies  
by a recent ordinance.  
It is estimated that about 40,000-  
000 gallons are sold annually at fill-  
ing stations in the city, that estimate  
being based on the theory that each  
of the 40,000 automobiles in St.  
Louis uses about 1000 gallons of  
gasoline a year. The tax on such a  
consumption, to be paid by the au-  
tomobile owners, would net the city ap-  
proximately \$200,000 annually.

## 10 TO 1 AGAINST PROHIBITION

Beer Salesmen Reported Offering  
Odds Lid Would Not Go On.

Saloonskeepers today said that yester-  
day when the possible prohibition  
of sale of 2.75 per cent beer was  
being based on the theory that each  
of the 40,000 automobiles in St.  
Louis uses about 1000 gallons of  
gasoline a year. The tax on such a  
consumption, to be paid by the au-  
tomobile owners, would net the city ap-  
proximately \$200,000 annually.

Later in the day, press dispatches  
announced that the President had  
voted the wartime prohibition act,  
substantiating the wisdom of the of-  
fered wagers.

## Register of Treasury Resigns.

WASHINGTON, Oct. 28.—Houston  
B. Teebe of Oklahoma has resigned  
as register of the treasury and will  
go to New York to become connected  
with a large oil firm. Teebe's resi-  
gnation is effective Oct. 31. His suc-  
cessor has not been named.

day.

NOON CROWD SEES  
1200 POLICEMEN  
PARADE DOWNTOWN

Police Commissioners and  
Other Officials Review  
Procession From Stand in  
Twelfth Street.

FORMER MAYORS AND  
GOVERNORS PRESENT

Twelfth street was a police court  
of honor this afternoon, when 1200  
of the 1600 uniformed members of  
the St. Louis police force stood at at-  
tention along the wide thoroughfare,  
which was copper-lined from Olive  
street to Market street.

The occasion was the parade, re-  
view and inspection of the force, the  
first such ceremony held since 1911.  
Gov. Gardner, Mayor Kiel and the  
Police Board, with former Mayors  
and former members of the board,  
occupied reserved seats on the re-  
viewing stand.

A large lunch-hour gathering, in  
the grandstand, along the street and  
at windows watched the review.  
When the line was formed for re-  
view on the east side of the street,  
facing the stand, the only drunks in  
the continuity of blue were at the  
Olive street end of the line, where  
the Zouaves stood in costumes varied  
by white shirts and red sashes, and  
in the center, where the traffic squad  
men were in gray.

Traffic Men in Line.  
The traffic men, it was announced,  
will in a few days go into blue for  
the winter, but their summer cos-  
tumes were retained to give variety  
to the appearance of the force.

The line first formed on the west  
side of Twelfth street before noon,  
and fell in behind the chief and  
march was made on Olive street to  
Broadway, then to Washington ave-  
nue and back on Washington to  
Twelfth.

Gov. Gardner and President Man-  
sueti, riding in the board, riding in the  
board's limousine, arrived at the  
stand first, and were followed by the  
members of the board, all wearing  
silk hats and formal costumes. The  
other guests of honor, former May-  
ors and former Commissioners, wait-  
ing in the stand, were in business  
costumes. Chauncey I. Filley, who  
was Mayor and ex-officio Police  
Commissioner in 1863, and who cele-  
brated his ninetieth birthday a few  
days ago, wore his conical and once  
familiar Filley hat. When Filley was  
Mayor, the police force numbered  
293 officers and men.

Former Mayors Present.  
Ambassador David R. Francis ap-  
peared as former Mayor and Govern-  
or, and former Gov. Stephens was  
also present. Former Mayors No-  
nan and Wells, and former Commis-  
sioners Hobart Brinsmade, H. C. Os-  
tertag, Paul Brown, Dr. O. E. For-  
ster, Dr. A. C. Robinson, R. E. Gray,  
John J. Sheahan, T. B. McPheters,  
J. W. Fristoe, L. D. Kingsland and  
George H. Small were among the  
guests of honor.

As the members of the present  
board took their places in the stand,  
the marching force returned from  
the north, executed "on right into  
line" until the entire double line,  
extending for three city blocks, was  
facing the stand, except that the  
mounted and motorcycle divisions  
were on the west side of the street,  
as were the patrol wagons.

Inspected by Governor.  
Chief of Police O'Brien rode in  
front of the stand. "Sir," he re-  
ported to the Governor, "my force  
is ready for inspection." The  
Governor and President Mansueti led  
in a review.

The men's uniforms presented a  
neat appearance, though not all had  
been required to get new costumes  
this fall. All wore white gloves. Ex-  
cept for the Zouaves, who carried  
short sticks, their hands were empty.

The department's service flag bore  
the number "100," although offi-  
cially the department said a greater  
number than that had been in the  
service of the Government during the  
war. There was one sold star, rep-  
resenting William Hayes, an employee  
of the department garage, who died  
in the navy, and who died at  
Great Lakes station.

The Zouaves, under command of  
Lieut. Kirk, were drilled by Drill-  
master Roemer, in front of the stand,  
in a series of fast and sometimes in-  
tricate movements. Moving pictures  
were made of this drill, which was  
applauded frequently by the specta-  
tors.

A review of the entire line, march-  
ing before the stand, ended the cere-  
mony.

Chief O'Brien and his staff were  
mounted during the parade, and the  
Captains in command of sections of  
the parade were Hanna, Schwartz,  
Reynolds, Doyle, Hoffman, Stinger,  
Tierney, Singleton and McNamee.

In marching through downtown  
streets, 12 abreast, the police line ex-  
tended for seven blocks.

PERSHING PLANS  
A TOUR THAT WILL  
INCLUDE MISSOURI

General Will Inspect War Indus-  
tries to Form Opinion as  
to Maintenance.

By the Associated Press.

WASHINGTON, Oct. 28.—Gen.  
Pershing announced today he is  
planning a tour of inspection of the  
war industries built up during his  
absence in France, for the purpose  
of formulating recommendations to  
Secretary Baker as to what portion  
should be maintained against an-  
other national emergency.

His trip will take him as far as  
the Pacific coast and while away he  
will visit his home in Missouri.  
This route and time of departure  
have not been fixed.

Gen. Pershing expects to appear  
before the congressional military  
committees during the current week.  
He said today he preferred not to  
discuss military matters in advance  
of the hearings.

The General has already prepared  
recommendations dealing with the  
reorganization of the army and other  
phases of the military establish-  
ment, including the question of in-  
creased pay for all ranks to meet the  
high cost of living.

PRESIDENT CONTINUES TO  
IMPROVE, DOCTORS ANNOUNCE

He Now Takes Luncheon and Dinner  
in Semi-Sitting Position.

Bulletin Says.

By the Associated Press.

WASHINGTON, Oct. 28.—Presi-  
dent Wilson continued to show prog-  
ress, said a bulletin today by his  
physicians. The bulletin follows:  
"There is no special change in the  
President's condition. His progress  
continues. He takes his luncheon  
and dinner in a semi-sitting position,  
which adds greatly to the enjoyment  
of his food and causes no fatigue."  
Dr. Grayson issued no formal bul-  
letin last night as to the President's  
condition, but said that Mr. Wilson  
had spent "a good day."

The President was permitted yester-  
day to transact some executive  
business in addition to vetoing the  
prohibition enforcement bill.  
Signed bills made on the President  
asked Dr. Grayson that Secretary  
Tamm be called and that some  
pardon cases which were awaiting  
executive action be given him. He  
acted on the latter at once and also  
signed minor bills that had ac-  
cumulated at the White House.

NEW YORK DRUG CLERKS VOTE  
TO STRIKE FOR PAY INCREASE

Eight-Hour Day and Closed Shop  
Demanded; 90 Per Cent of Work-  
ers Involved, Say Leaders.

By the Associated Press.

NEW YORK, Oct. 28.—A strike  
was voted early today by representa-  
tives of 4500 drug clerks. After an  
all-night meeting the men voted,  
1430 to 70, to walk out during the  
week, leaving the date to be deter-  
mined by their officers. Union offi-  
cials said that the men involved com-  
prised 90 per cent of all the drug  
clerks in the city.

The closed shop and an eight-hour  
day, were the main demands. The  
closed shop means that an average  
increase in wages of 35 per cent.  
Soda clerks, cashiers and other em-  
ployes in drug stores are included in  
the union membership.

Officials of the union declared that  
every effort was to be made to have  
their grievances, but they were given no  
encouragement.

GOV. GARDNER APPROVES STATE  
PURCHASE OF MERAMEC SPRINGS

Special to the Post-Dispatch.

JEFFERSON, CITY, Oct. 28.—  
Gov. Frederick D. Gardner has ap-  
proved the purchase of Meramec  
Springs by the Game Department for  
a State park and a fish and game  
preserve, and the transfer of the  
property will be made as soon as  
Attorney-General McAllister has vi-  
sited the springs and approved the  
purchase. The price to be paid for  
the springs and 3000 acres surround-  
ing is \$150,000.

In enacting a new game law, the  
last Legislature created a commis-  
sion to buy a park, composed of the  
Game Commissioner, the Governor  
and the Attorney-General.

Commissioner Tim Birmingham  
haunted Meramec Springs. Gov.  
Gardner approved the selection. Mc-  
Allister will go to the springs, Thurs-  
day, and announce his decision upon  
his return.

EDWARDSVILLE BRICKLAYERS  
ASK FOR \$1.25 AN HOUR

Bricklayers at Edwardsville, Ill.,  
have notified the building contractors  
that their wage scale, which is now  
\$1 an hour, shall be \$1.25 an hour  
after Jan. 1, 1920.

St. Louis bricklayers receive \$1 an  
hour. They recently reached an  
agreement with the contractors to  
receive \$1.12 1/2 cents an hour Jan. 1,  
and \$1.25 an hour after May 1,  
1920.

Bricklayers at Edwardsville, Ill.,

13 DROWNED WHEN  
LAKE STEAMER IS  
CRUSHED AT PIER

Gigantic Wave Hurls Milwau-  
kee-Muskegon Vessel En-  
tering Channel Against  
Pier, Wrecking It.

MANY PASSENGERS  
CAUGHT IN BERTHS

By the Associated Press.

MUSKEGON, Mich., Oct. 28.—  
Caught by a gigantic wave as she  
was trying to make this harbor after  
riding out a terrific gale on Lake  
Michigan last night, the Crosby  
steamer City of Muskegon crashed  
into the south pier at Muskegon  
Channel this morning and sank in  
less than 10 minutes, carrying to  
death at least 13 of her passengers  
and crew. The exact number of dead  
has not been determined, but may  
reach 20.

The known dead are: Mrs. W. H.  
Johnson, passenger, Perryburg,  
Mich.; Mrs. Jessie Hopkins, wait-  
ress, Muskegon; Harry Rice, assistant  
engineer, Milwaukee; John Andstet-  
ter, cook, Manistee, Mich.

The bodies of four men and three  
women have been washed ashore,  
and the beach for miles is being pat-  
rolled for additional victims.

The crash came without warning,  
most of the passengers being caught  
in their staterooms. The lights went  
out and the screams of women pas-  
sengers added to the confusion. Then  
followed the terrible for safety.

Most of the passengers escaped by  
jumping from the decks to the pier.  
The City of Muskegon left Milwau-  
kee at 9 o'clock last night and was  
severely buffeted by the storm during  
the night run across the lake. Just  
as the steamer was reaching ap-  
parent safety at the harbor entrance,  
a gigantic wave caught it and swept  
the heavy craft out of the water and  
for a few minutes it hung partially  
suspended from the pier. It was at  
this time that Capt. Edward Miller  
ordered the passengers to leap to the  
pier. Drenched by waves that were  
pounding the vessel to fragments, a  
majority of the scantily clad passen-  
gers climbed over the rail. Those  
who hesitated went down with the  
steamer a few minutes later, when  
another huge wave tore the vessel  
from the pier and sent it to the bot-  
tom of the channel.

The crash came almost within the  
shadow of the coast guard station,  
but the heavy sea rendered futile ef-  
forts to launch lifeboats. Launching  
of boats and rafts from the steamer  
also was impossible.

The exact number of dead may  
never be known, as the passenger list  
went down with the vessel.  
Nothing is to be heard of the ill-fated  
steamer excepting tons of wreckage  
strewn along the shore of Lake Michi-  
gan.

ALDERMAN M'CHESNEY DIES AT  
HOSPITAL AFTER OPERATION

City Republican Leader Had Been  
Threatened With Total Blindness  
for Several Weeks.

William C. McChesney, 49 years  
old, 324 Olive street, member of  
the Board of Aldermen from the  
Seventeenth Ward, died at Barnes  
Hospital at 11:30 o'clock this morn-  
ing following an operation performed  
yesterday morning in an effort to re-  
store his sight. He had been threat-  
ened with total blindness for several  
weeks.

McChesney, although a lawyer by  
profession, devoted all of his time to  
politics. He had been a member of  
the Board of Aldermen ever since  
the body was created. He was a  
prominent figure in the affairs of  
the local Republican party and  
ranked with Frank Slater, Joseph  
Schuler and other leaders. He was  
a strong supporter of the Schull  
organization. He is survived by a  
brother, Justice of the Peace Harry  
McChesney.

The funeral will be held Thursday  
afternoon from the Wagoner chapel,  
Grand avenue and Olive street. In-  
terment will be in Bellefontaine Cem-  
etery.

PLOT TO KIDNAP EDEL FORD  
REPORTED WITH FOUR ARREST

## BITRO-PHOSPHATE IS GOOD FOR THIN NERVOUS PEOPLE

A French scientist has discovered an organic phosphate which should be a very effective remedy for weak nerves, sleeplessness, thinness and lack of strength, energy and vigor.

Its substance is described by specialists as identical in composition with certain vital elements naturally found in brain and nerve cells and one which when taken into the human system is quickly converted into healthy living tissue.

The phosphate is already widely known among druggists in this country as Bitro-Phosphate and some physicians claim that through its use strength, energy, vigor and nerve force are frequently increased in two weeks time.

Dr. Frederick Kollie, Editor of New York Physicians' "White Who," says it should be prescribed by every doctor and used in every hospital in the United States. As there are a great variety of so-called phosphates, those who wish to get the genuine Bitro-Phosphate—ADV.

## GOT A COLD? HERE IS RELIEF—PAPE'S

Use Pape's Cold Compound to cure colds and grippe in few hours—Tastes nice.

It is a positive fact that a dose of Pape's Cold Compound, taken every two hours until three consecutive doses are taken, will end the Grippe and break up the most severe cold, either in the head, chest, back, stomach, limbs or any part of the body.

It promptly relieves the most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, mucous catarrhal discharges, soreness, stiffness and rheumatic twinges.

Take this wonderful Compound as directed, with the knowledge that there is nothing else in the world which will cure your cold or end Grippe misery as promptly and without any other assistance or bad after-effects as a small package of Pape's Cold Compound, which any druggist can supply—accept no substitute.—ADV.

## LEWIS' EXPLANATION OF STRIKE ORDER

Miners' Chief Issues Statement on Wages and Course of Conference to Date.

By the Associated Press.  
SPRINGFIELD, Ill., Oct. 28.—John L. Lewis, acting president of the United Mine Workers of America, just before departing for Indianapolis last night to act on the President's demand that the coal strike order be rescinded, said that the strike order was still in effect and the 500,000 miners in the bituminous field would walk out to a man Friday at midnight unless the operators relented.

"The statement of President Wilson opposing the strike has thus far had no results, so far as we are concerned," Lewis said. No word had reached him, he stated, from Government sources.

Branding statements that coal miners were earning \$10 or \$15 a day as "absurd," Lewis said the average pay of miners in the bituminous field for the year 1918, which, he declared, was the best 12 months in mine workers' annals, was \$12.28 a year. He declined to be drawn into a statement as to what the maximum earnings of a miner under favorable circumstances may be, but said the earnings of "day men" amounted to between \$4.25 and \$5 a day. These include track layers, drivers, mechanics and laborers.

Three or Four Days' Work a Week. Coal diggers, he admitted, can make more money than that. He explained, however, that wages of miners were curtailed by the fact that mines operate on the average only three or four days a week. This condition, he said, made necessary a shorter day and week. In order to furnish continuous employment, as embraced in wage demands suggested by miners early in the conference. Other demands include 60 per cent increase in wages, time and a half for overtime and elimination of the strike penalty clause.

In a statement issued last night, he said, to clear up popular misapprehensions about exactly what took place in the joint conference, Lewis placed responsibility for the strike again on the operators. The statement follows:

"At the biennial conference of the United Mine Workers at Cleveland, Sept. 9 to 23, attended by 2046 delegates, a wage program and policy was outlined and scale committees were selected, who were instructed to present demands to the operators."

"On Sept. 25, at Buffalo, the miners and operators met in joint committee. The miners presented their demands and were met by a blunt statement that the Washington agreement had not expired, because the war was not ended and peace had not been promulgated by the President."

"No Counter Proposals." "No counter proposals were submitted by the operators, who seemingly were determined to avoid making a new agreement. This committee adjourned for a week and reconvened in Philadelphia on Oct. 9, where the same circumstances obtained, and since the adjournment took place on Oct. 11."

"The miners insisted at all times that they were ready to consider demands from the standpoint of merit alone. But consideration on this basis was denied by the operators."

"The Government, in conference with operators and miners last week at Washington, endeavored to secure a reopening of negotiations. The miners consented without reservation. The operators declined, except under conditions which rendered negotiations impossible."

**Lewis' Career as a Miner and a Labor Leader.**

Special to the Post-Dispatch.  
SPRINGFIELD, Ill., Oct. 28.—John E. Lewis, acting president of the United Mine Workers of America, was born at Lucas, Mo., in 1880. He received a public school education and entered the coal mines at a comparatively early age. While working he supplemented his school education by studying at home, specializing in extensive courses of reading. He has an extensive knowledge of mining, both in practice and theory, as the result of his work in coal and metal mines and the study of the technical side of the industry. He is a fluent talker and exhibits a wide knowledge of current affairs and present-day industrial, economic and political issues. He has traveled extensively in the United States, Canada and Mexico.

For a number of years prior to 1910, Lewis was legislative representative of the mine workers. In 1911 he became associated with the American Federation of Labor as general field agent, occupying this position until late in 1917, when he became vice-president of the United Mine Workers of America. In December, 1918, he was re-elected as vice-president. For the last six months he has been acting president of the miners' organization. His accession to this place following the resignation of President John White, who resigned to become advisor to Fuel Administrator Garfield, and the subsequent granting to Frank Hayes, who succeeded to the presidency, of an indefinite vacation because of a physical break-down.

To quote Lewis, he is "a thorough trade-unionist, no socialist or a devotee of any 'ism,' and an American first, last and always, and all that stands for."

For the past five years he has been a resident of Springfield. He is married and has two children, a daughter 8 years old and a son one year old.

Politically Lewis is a Republican. He is mild-mannered and soft-spoken. He exhibits nothing of the fire-brand attitude of the radical or agitator. Instead he is characterized by an air of quiet determination.

## SIBERIA MAY GET AID OF JAPAN

Kolchak Envoy Says Alliance With Tokio or Germany Is Possible.

By the Associated Press.  
SAN FRANCISCO, Oct. 28.—Capt. N. F. Romanoff, who has been in the United States for a month on what

was declared to be a mission on behalf of Admiral Kolchak, anti-Bolshevik leader, is en route today for Siberia.

In a statement made public before his departure, Capt. Romanoff said: "Do not be surprised to hear of concessions in Siberia to Germans and to Japanese. Especially large

concessions may be made to Japan. Is the one who comes in time of Siberia considers that the true friend need."

**Garland's**

Remarkable Money-Saving Possibilities in This

**SALE OF CLOTH DRESSES**

One of those money-saving events typical of this establishment has been brought about by a combination of unusual underpriced purchases and reductions on Dresses from our regular stocks which have reached the climax of their stay in this store.

Tricotine and Serge Dresses Worth \$29.50 and \$35

**\$23**

Tricotine and Serge Dresses Worth \$39.50 and \$45

To buy Dresses advantageously and to "turn them over" to you at an almost unbelievably close margin of profit has always been the policy of this store, but to make this policy of greater value to you, the "turnover" must be quick—the garments must be purchased while new. No matter how cheaply a Dress is priced, it is not a good buy if it comes from "old stock."

The majority of the Dresses in this sale Wednesday have been in the house but 24 hours, and will be shown tomorrow for the first time.

You Are Always Assured of Newest Styles at Garland's

As for the Dresses themselves, they are remarkable—remarkable for the graceful new lines they reveal, the beautiful new trimming effects and the excellent quality of fabric used. They are remarkable in price, because they are selling at a figure so much less than their actual worth.

**SIZES FOR MISSES**

**SIZES FOR WOMEN**

**Our Annual Sale of Sample Blouses**

Larger Selections Greater Values Better Waists

This great annual Blouse event comes to you tomorrow as the result of tremendous under-priced purchases from four American manufacturers of highest-grade Waists and Blouses. We realized savings of about 50% on these special purchases, and these savings are being passed on to you in this sale tomorrow.

Regular Values **\$10** to \$19.95

By far the most beautiful assortment of sample Blouses we have offered in many a year—Blouses so surprisingly different it is difficult to give them proper presentation in this limited space, but we can assure you nothing is lacking in styles, colors, trimmings and novel effects in these two wonderfully priced groups.

Regular Values **\$15** to \$29.50

Beautiful New Collar and Cuff Effects  
The Popular Peplums in Dozens of Styles

Cotton Stockings—black, double heels and toes, seamless style, "second" quality. Special, 25c pair.

Boot silk Stockings, evening shades, full fashioned, extra splicings of lisle thread at wearing points. Special, 39c, or 3 pairs for \$1.15. (Main Floor.)

## Here Is Autumn Apparel That Tells of Newest Fashions

FASHIONS in Frocks show straight lines, and in Suits a preference for severe tailoring, and fashions in Coats say that either belted or loose flare models are correct. All that is new and interesting may be seen in the Third Floor Apparel Sections.

### Tailored Dresses, Priced Special at \$47.50

Among the many new Dresses that are here, a small group purchased specially is marked at an unusual price, considering the quality. The Dresses are of serge combined with satin, or of tricotine combined with satin, and have vests of Georgette crepe. Some are embroidered in self color silk, or colored silks, others are beaded. Many are made in coat style with tunics. The price is special, \$47.50.

### Suits at \$49.75, \$55 and \$69.75

The "Season of Suits" is here with any number of trim tailored Suits being seen on the streets and shown in the shops. The choosing in the Suit Department at these three prices offers exceedingly well-tailored Suits of tricotine, silvertone, tinseltone and velvet checks. Brown, Oxford and navy are proving the favored shades of the season.

### Coats at \$59.75, \$69.75 and \$79.50

To be successful a Coat must be warm, it must possess good lines, be tailored right, have big pockets and collar, and be of a soft, beautiful material. All these, and more, may be had in the Coats at \$59.75, \$69.75 and \$79.50—material, style and tailoring measure up to our high standard. Make it a point to see our assortments of Coats this season. (Third Floor.)

## Wednesday—Baby Day

AND now the Baby Shop thinks of soft, cuddly Blankets and Robes to keep baby warm as toast all Winter. Here are some of the things the Baby Shop has thought of:

Babies' Sleeping Bags, domet flannel, crochet edge, drawstring bottom, at 75c.

Babies' Gertrude Skirts, domet flannel, button on shoulders, crochet edge, at 69c.

Babies' Dresses of soft nainsook, lace or embroidery trimmed, at \$1.50.

Babies' Wrappers, domet flannel with pink or blue crochet edge, at 75c.

Babies' soft wool Hose, silk heels and toes, slightly imperfect, at 35c.

Baby Buntings, eiderdown, with hood, ribbon trimmed, at \$3.50.

Babies' Silk Comforts, hand quilted, embroidered in dainty colors, at \$4.00.

Babies' white enameled Cribs, woven springs, rubber-tired wheels, at \$4.50. (Second Floor.)

## Sample Negligees

Slightly Soiled

\$12.50

\$19.75

\$24.75

A sale of a limited quantity of beautiful Negligees that, on account of being samples and subject to much handling, have become mussed and soiled.

The sale price, plus the price for cleaning, will be much lower than you would ordinarily pay for Negligees of this quality. They come in all colors. (Second Floor.)

## Crispy Ruffled Petticoats

NEW Petticoats to wear with Fall Suits may be of silk jersey with flounces of taffeta or guaranteed "Beaver" satin. They come in a variety of colors and black and are special values at \$5.98.

Petticoats of Fifth Avenue cotton taffeta in flowered patterns are \$1.50.

Petticoats of plain color heatherbloom with tucked flounces are \$1.98. (Second Floor.)

## Warmer Underwear

Our direct importation from St. Gall, Switzerland. Hand-made borders, in soft tones of ivory. Practical Curtains for living rooms. (Fourth Floor.)

## A Four-Day Selling Campaign of Women's Shoes

THE Shoe situation commands attention as prices are far from decreasing. In fact, Shoes that we are ordering for next Spring cost us the same price that they retailed for last Spring.

Practically every pair of Shoes that we have in stock was purchased on the leather market of a year ago. We are selling many of our high Shoes at wholesale cost, if we were to replace them on today's market.

## Special at \$7.65 and \$9.85 Pair

On account of heavy selling in the department, we have many broken lines, and these we are planning to sell out in this four-day campaign. The prices, because of the desire for quick disposal, are extremely low for Shoes of the character offered. The Shoes are of tan calf, tan kid, black kid, patent leather, field mouse kid and brown kid with field mouse tops. These are in lace or button style and have French heels. Other Shoes of brown calf or tan kid, have English walking heels. These are in the new styles—and all sizes are represented. Priced at \$7.65 and \$9.85 pair.

## Women's Fancy Dress Slippers, \$3.90 Pair

May be had in satin, gold or silver cloth, patent leather and brocade material—all good styles, with high French heels, covered, hand-turned soles. Good range of sizes at the \$3.90 price.

Women's Ballet Slippers—all sizes, \$1.98 pair.

Women's Spats, broken lots, \$1.98 pair. (Main Floor.)

## Sale of Misses' and Children's Shoes

Also Sizes for Growing Girls

Price \$3.95 Pair

Brown calf, patent leather and dull gunmetal leather. Growing girls' Shoes are in black kid with white tops, patent leather with gray kid or gray suede tops. Gunmetal with gray suede tops. Splendid assortment of strictly high-grade serviceable Shoes. All new styles. (Children's Shoe Dept.—Main Floor.)

## In the Downstairs Store

## Sale of Women's Dress Shoes

at \$3.90 Pair

Women's dress Shoes in plain black and brown kid-skin, high curved heels or military heels, walking style, excellent quality. All sizes. Price, \$3.90 pair.

## Misses', Children's, Boys' and Youths' School Shoes

Serviceable leathers, good styles. Price, \$2.69 pair.

Two of the models feature roll collars in bisque that are especially attractive. Trimmed with Val. lace and hemstitching. They also have dainty vestees, tucked and button trimmed.

Another modish Blouse is shown with convertible collar. It is effectively finished with self buttons and loops.

Blouse Shop—Third Floor.

### Special Purchase and Sale of Women's Tailored Frocks

Of Velour and Tricotine

Exceptional Values **\$49.50** Smart New Models

The Costume Salon has just received these modish Velour and Tricotine Frocks—bought specially for this event, and offered at an unusually low price.

You will find a splendid assortment of charming models in this group of Dresses—representing the newest and most authoritative Winter models.

They are Frocks for general wear, carefully tailored and attractively finished with embroidery, braid and buttons.

One youthful model has a ripple peplum, forming the new flaring hip-line, a cowl collar and paneled bodice, extending in a flat girdle, buttoned in the back. Kermacha embroidery and self-buttons are employed as trimming. Another model features the long waist effect. The Frock illustrated is a stylish coat model, with novel pockets, inlet satin girdle and self-buttons down the back. It is effectively finished with braid.

See these Dresses early tomorrow.

Costume Salon—Third Floor.

## Woman Disappears at Sea.

By the Associated Press.  
NEW YORK, Oct. 28.—The disappearance of Miss Marie Empress, a London music hall singer, on the high seas, while on her way from Liverpool to New York, was learned here yesterday with the arrival of

the Cunard liner Orduna, from the English port. Miss Empress was last seen at 6:30 last evening when a steward brought a glass of water to her cabin. Search of the vessel failed to give any clue to her disappearance. Her effects will be turned over to the British Consul-General.

INCREASED PRICE ASKED  
FOR BITUMINOUS COAL

Operators of Illinois, Ohio and Indiana Submit Higher Schedule to Federal Price Body.

Coal mine operators from Illinois, Indiana and Ohio met in Chicago yesterday and agreed upon a list of maximum prices for bituminous coal, which they will submit today to H. R. Claybaugh, representing the Federal Fair Price Commission, for his approval. The maximum prices are slightly higher than those prevailing today, but local operators predicted that the lower prices would continue in effect.

The proposed maximum mine prices, covering all bituminous coal produced in the above-mentioned states, follows:  
Screenings ..... \$3.25 per ton  
Mine run ..... 3.00 per ton  
Two-inch screenings... 2.50 per ton  
Several weeks ago some operators were charging as high as \$4.50 per ton for screenings.

Prevailing mine prices for Southern Illinois coal are as follows:  
Standard, \$2.50 to \$3 per ton.  
Mount Olive, \$2.65 to \$3 per ton.  
Carterville, \$2.25 to \$2.40 per ton.  
The prevailing retail prices are:  
Standard, \$5.50 per ton.  
Mount Olive, \$5.75 to \$6 per ton.  
Carterville, \$5.50 to \$6.75 per ton.  
No change in retail prices is anticipated.

Thomas T. Brewster, chairman of the Mine Operators' Scale Committee, who returned here last night from the conference held last week at Washington to avert the threatened strike of coal miners, has issued a statement on behalf of the operators, announcing that they are ready to negotiate a new wage scale on its merits and are willing to do anything "within reason" to settle the controversy. He declared that no attempt will be made to operate the mines if the strike materializes next Saturday.

The statement of John J. Lewis, acting president of the United Mine Workers of America, that the miners averaged only \$75 a month was characterized as "intentionally misleading" in Brewster's statement. The latter asserted that the present average earnings of miners in the central competitive field was from \$8 to \$12 daily and that a minimum of \$5 a day was paid to laborers.

Operators Would Negotiate.  
"The operators believe the present wage scale is fully compensatory," he said, "and the demand for coal during the ensuing six months will give the men the highest earning power they have ever had. The operators have at all times been willing to negotiate a new wage scale on its merits, providing that the miners are willing to discontinue the subject from ridiculous and impossible demands."

The executive committee of the St. Louis County Farm Bureau adopted a resolution at its meeting at the Clayton clubhouse last night protesting against the threatened strike. The resolution, which will be forwarded to President Wilson, declares that the committee believes the miners' wage and working conditions are equal to those of other laboring men and advocates the formation of a volunteer force of miners to work the mines in the event of a strike.

The rush of orders from domestic and industrial consumers continued today and dealers were using every facility at their command to supply the demand. Heavy shipments of coal from the Southern Illinois fields have been made by railroad, but a considerable portion is destined for points beyond St. Louis.

## Mines Rush Production.

Mines in the Edwardsville and Belleville districts have been working to capacity to meet the demand. The larger mines have been employing three eight-hour shifts while the smaller mines have been working their regular forces 16 hours daily. The payrolls this week are expected to exceed all previous records as a result of the increased production. Long lines of wagons and trucks have been forming daily at all the nearby mines to haul coal for consumers in surrounding towns. The railroads have been pressing into service every type of car, including box cars and old wooden flat cars. Reports indicate that the miners in the Belleville district are strongly in favor of the strike. A month ago many of them walked out on an unauthorized strike in an attempt to obtain higher wages.

## Tapestry Missing 270 Years.

By the Associated Press.

LONDON, Oct. 28.—A tapestry woven in Brussels early in the sixteenth century, one of a set of seven pieces symbolically representing the story of the Seven Deadly Sins and believed to have been bought originally by Cardinal Wolsey and hung in a chamber of the royal palace at Hampton Court, has been restored to the palace after an absence of 270 years. It was recently acquired by a Government commission. Found stored away in an old house in Cornwall, the tapestry was bought in 1910 by the Marquis of Anglesey for \$35,000.

A Quinine That Does Not Affect Head Because of its tonic and laxative effect, Laxative Bromo Quinine (Tablets) can be taken by anyone without causing nervousness or ringing in the head. There is only one "Bromo Quinine." E. W. Grove's signature on the box. 50c.—Adv.

## Paris Papers Sell in Millions.

By the Associated Press.

PARIS, Oct. 28.—According to statistics recently published by the Argus de la Presse, the circulation of the leading papers is as follows: Petit Parisien, 2,500,000; Petit Journal, 1,900,000; Matin, 1,800,000; Journal, 1,400,000; Humanite (Socialist), 260,000; Le Populaire (Socialist with Bolshevik tendencies), 190,000.

MULLIGAN GIVES STATEMENT  
ON ARREST ON FRAUD CHARGE

Asserts He Secured Bank Against Loss When He Found Bills of Lading Were Questionable.

Explanation of his side of the controversy between Charles G. Mulligan, a cotton broker, living at 5123 Maple avenue, and the St. Louis Union Bank, which led to Mulligan's arrest on a charge of defrauding the bank of \$20,000, was given in a signed statement issued by Mulligan last night.

Mulligan's statement follows: "My arrest, coming at a time that brought upon me the greatest publicity and humiliation possible, has

been so great a shock that I have delayed making a public statement until such time as I felt that I could speak more or less dispassionately. While I am still suffering from the suddenness and the horror of it all, I feel that a statement from me is due to my many good friends who have proffered their aid and have given assurance of their confidence and loyalty.

"Throughout my entire business life I have never intentionally committed a wrong against any man. When it came to my attention several months ago that the bills of lading deposited by me with the bank were questionable I went to the bank and secured it against loss on its part, assigning to it enough life insurance to more than cover any

advances made by the bank and, at the same time, arranged to personally take up the bills of lading and carry the loss myself.

"Meanwhile, those from whom I received the bills of lading upon which the present bills of lading were founded have been making an effort to redeem themselves in the matter. I have not sought to prosecute them, but to give them every opportunity possible to make good the wrong without publicity. That the bank has seen fit to take the action it has, however ruinous and disastrous it has been to me, is a matter of which I do not care to comment. But so far as my own conscience is concerned and so far as my honesty in protecting the bank against loss is concerned, I stand today as I have

always stood—ready to meet the issues as they arise.

"CHARLES G. MULLIGAN."  
Efforts by a Post-Dispatch reporter to see Mulligan this morning for an amplification of his statement were without avail.

## Surrenders After Shooting Man.

Special to the Post-Dispatch.

MACON, Mo., Oct. 28.—"Sheriff, I have shot a man in self-defense and I have come in to give myself up to you," said Owen Murphy, 35 years old, a farmer living near Kaseyville, as he stepped from an automobile in front of the jail and handed a shot gun to Sheriff Stamper. Murphy said he had shot A. L. Knox, a farmer, between Kaseyville and Barryville. Knox died soon after the

shooting. The trouble grew out of a difference over the rental of some farm land.

36. O. P. COMMITTEEMEN FOR CONVENTION HERE

Of 28 Others to Answer Babler's Inquiry, Majority Are Neutral.

Thirty-two replies to letters sent to 53 Republican National Committeemen urging that they support St. Louis for the 1920 Presidential convention of the party have come to Jacob L. Babler, national committeeman for Missouri.

Three members said they favored St. Louis for the convention, several others expressed an inclination to this city and still others said they were open-minded and would give this city consideration. Three said they favored Chicago. This is regarded by Babler as effective refutation of the recent statement made in behalf of Chicago that a majority of the committee had pledged their support to that city. The choice will be made Dec. 8 at a meeting of the committee in Washington.

Following are excerpts from the replies of some of the men regarded as influential in the party: Murray Crane, Massachusetts: "Your letter of the 16th inst. received and I shall give all that you have said the most careful attention."

Boise Penrose, Pennsylvania: "Ever since I was a delegate in 1896 I have thought well of St. Louis as a convention city. I have not as yet looked into the question of a city in which to hold the next Republican National Convention, but I shall be glad to talk to you about St. Louis when I see you at the meeting here in December."

Coleman Dupont, Delaware: "Rest assured I shall give every consideration to St. Louis for the location of the next Republican National Convention."

CARTER NAMED FOR PRESIDENT OF CHAMBER OF COMMERCE

Lawyer Nominated by Committee Following Petitions Presented

W. Frank Carter, a lawyer, vice president of the Chamber of Commerce, was nominated, in the report of the nominating committee of the chamber yesterday, for president of the organization. Carter is a former vice president of the Mercantile Trust Co.

Selections of the committee for vice presidents were: John F. Shepley, president of the St. Louis Union Trust Co., first vice president; H. B. Wallace, president of the Cupples Co., second vice president; and Aaron S. Rauh, vice president of Rice-Stix Dry Goods Co., third vice president.

Carter was suggested for president in petitions placed before the committee during its sessions last week. Melville L. Wilkinson, president of the Associated Retailers, and Warren Goddard were suggested by petition for first and third vice presidents but declined the nominations.

The committee nominations for the Board of Directors were: Fred B. Adam, E. F. Bush, W. Palmer Clarkson, J. Lionberger, Davis, Flint Garrison, Clarence H. Howard, Jackson Johnson, J. G. Lonsdale, M. E. Singleton, M. L. Wilkinson.

Nominations by petition for the board were: J. O. Ballard, declined; C. W. S. Cobb, accepted; J. H. Conrades Jr., declined; J. D. P. Francis, declined; Clarence H. Howard, Jackson Johnson, accepted; R. T. Langenberg, G. D. Mermer, accepted; R. L. Grout, A. L. Shallich, L. T. Terry, declined; Emmett V. Thompson.

SUGAR AND HOMEMADE WINE LISTED IN BURGLARS' LOOT

A barrel of home made wine, private stock of preserves, sugar and dry goods were listed in the loot carried away by burglars in different robberies about the city yesterday. At the home of Mrs. Adele Meyer, 5725 Pershing avenue, a thief broke into a basement locker and took 12 jars of her winter stock of jams. Also three rugs stored in the basement were taken.

The wine was taken from the home of Joseph Deschaseaux, 4536 St. Louis avenue. To add insult to injury the burglar also appropriated an automobile truck belonging to Deschaseaux with which he hauled away the barrel.

Sugar valued at \$900 was stolen from the Senoret Chemical Co., 610-14 Gratiot street, and dry goods worth \$400 taken from the store of M. J. Cohen, 1513 Chouteau avenue, by "truck burglars."

Two wagons, one loaded with tea, coffee and spices and the other with bread and buns, were stolen from the streets. The tea wagon belonged to the Jewel Tea and Coffee Co., 2211 Pine street and had been left by the driver in front of 4348 South Compton avenue. The contents were valued at \$265. The bread wagon belonged to Louis Krah, 1412 North Tenth street, a baker who valued the contents at \$400.

"Say" Good Morning Pancakes. Meet Paul's Pure Jams. All grocers. —Adv.

SEES YOUTH STEALING AUTO

Herman Toenyes, 1710 Menard street, visiting at the home of Allen E. Piner, 2419 Kingsbury boulevard, at 8 p. m. yesterday, happened to glance out a window in time to see three youths in an automobile stop and try to start his machine. In front of the home.

Toenyes and Piner chased the trio. Two escaped in their machine but the third youth was captured. He gave his name as William Martin, 17, of 1127 North Compton avenue, and denied being with the others. He said he had stopped to watch them when he was made a prisoner. He was held.

## MINERS' LEADERS GATHER TO ACT ON WILSON'S REQUEST

Besides the Executive Board,  
Lewis Has Called District  
Chiefs and Scale Commit-  
teemen to Indianapolis.

By the Associated Press.  
INDIANAPOLIS, Ind., Oct. 28.—  
President Wilson's veto of the pro-  
hibition enforcement bill is advanced  
today by officials of the United Mine  
Workers of America as an argument  
in favor of their contention that the  
"war emergency" has passed and  
that the miners, therefore, are no  
longer bound by wage agreements  
entered into for "the continuation of  
the war."

It is hoped, they say, that the ac-  
tion will swing public opinion their  
way and aid in securing their de-  
mands for a 34-hour week and 60  
per cent increase in pay, failure of  
which has resulted in an order for a  
strike of all bituminous coal miners  
on Nov. 1.

Acting President John L. Lewis of  
the mine workers today is on his way  
from Springfield, Ill., to attend a  
meeting of the executive board of the  
organization here tomorrow. Many  
of the members of the board have  
arrived today.

President Lewis also has asked 25  
district presidents of the mine work-  
ers and members of the miners' Scale  
Committee to attend the meeting to-  
morrow, this action being taken in  
view of the President's demand that  
the order for a strike be rescinded.

Officials at Conference.  
The conference will embrace 24  
members of the executive board; an  
equal number of district presidents,  
32 members of the scale committee  
and about 20 national officials of the  
big organization. These men face  
the task of directing more than 400,  
000 members of the union in the  
first general strike ever called in the  
bituminous mines, and the first big  
strike of the organization since the  
general anthracite strike of 1902.

The pressure of the national and  
state governments against the strike  
order being felt, but the few officials  
here are frankly puzzled as to means  
which they might employ to meet the  
wishes of the Administration.

It is pointed out that the scale  
committee, which attempted to ne-  
gotiate with the operators at Buffalo  
and Philadelphia, acted under orders  
of the general convention of the  
union at Cleveland, and that this con-  
vention, by the laws of the  
union, was the supreme  
body of the union. Whether the ex-  
ecutive council, which has  
powers between conventions, might  
override convention decisions, is a  
question which none of the men on  
the ground will attempt to answer  
definitely.

Power of Union Body.  
"In the meeting with the opera-  
tors our every suggestion for nego-  
tiations of a new scale was met with  
the demand, 'Withdraw the strike  
order first,'" said William Green,  
secretary-treasurer of the union.  
"But the Scale Committee was  
created by the convention and or-  
dered to do certain things. It was  
impossible for the created to be  
greater than the creator. We could  
negotiate, but we could not with-  
draw the strike order."

Other officials say the executive  
board probably will find itself con-  
fronted with the same question of  
relative powers. One ventured the  
opinion that the board would not  
hesitate to act if the conference de-  
cided against its immediate strike.  
Others, however, thought that the  
summoning of committee members  
and district presidents meant that a  
final checking up of strike plans and  
resources was to be made and a re-  
ply to President Wilson's pronoun-  
ciamento drafted.

Hope in Capital Strike Will Be Post-  
poned if Not Called Off.  
By the Associated Press.  
WASHINGTON, Oct. 28.—Hope is  
expressed in official quarters today  
that the soft coal strike, set for Sat-  
urday, will be postponed, if not  
called off.

Announcement that John L. Lewis,  
president of the United Mine Work-  
ers of America, had summoned  
members of the full scale committee  
to meet the international executive  
board at Indianapolis tomorrow, is  
accepted as an indication that Pres-  
ident Wilson's command to the  
miners' organization not to plunge  
the country into industrial chaos  
may be heeded.

In full belief that officers of the  
international body who ordered the  
strike have power to stop it, Govern-  
ment officials await the next step,  
which must come from the miners.  
Confidential reports from the central  
coal field territory indicate, it is said,  
that not all of the mining army of  
more than half a million men would  
quit work.

Steps to be taken by the Govern-  
ment to deal with the strike, if it  
takes place, will be considered finally  
today at a meeting of the cabinet.  
Meanwhile the railroad adminis-  
tration continues its efforts to ex-  
pedite movement of coal from the  
mines by ordering all coal not un-  
loaded by owners within 24 hours to  
be dumped on the ground so as to  
release cars for their immediate re-  
turn to the fields. The office of  
Director-General Hines denies that  
orders have been issued for confis-  
cation of coal for operation of trains.

Missouri's Coal Supply Running Low;  
Gov. Gardner Says.  
JEFFERSON CITY, Oct. 28.—  
Gov. Gardner last night declared the  
coal supply in Missouri was running  
low and that a strike would cause  
untold suffering to the people.  
"Our people," he said, "are greatly  
disturbed and apprehensive regard-  
ing the threatened coal strike. The  
supply is very low and a strike at

this season of the year would bring  
untold suffering to our people, in-  
cluding inmates of the eleemosynary  
institutions. We are watching the  
situation closely and propose to pro-  
tect the people's interests in every  
possible way. We will co-operate  
with Federal authorities. I am hop-  
ing, however, that common sense  
and patriotism will prevail and that  
there will be no strike."

## GUARD AGAINST FLU! PREPARE FOR WINTER

Take no chances with  
Spanish Influenza this  
winter. It attacks persons  
whose run-down systems  
can't resist it.  
Lack of exercise, fresh fruit and  
vegetables during the winter  
months causes an accumulation  
of waste matter in the intestinal  
tract that invites the inroads of  
Influenza and other maladies.  
Correct this condition! Restore the liver  
and kidneys to normal action with

**SCHOENFELD  
Kidney and Liver Tea**  
This pure remedy is sold but  
seldom in its full strength. After eliminat-  
ing and regulating the liver and kid-  
neys, it purifies the blood and  
keeps your system in condition to  
combat disease.

Beaten! Tea can be had  
at any drug store, and is pre-  
pared like ordinary tea.  
A cup or two taken  
daily makes the  
digestion and blood  
system regular and  
keeps you in good  
health.

**25c**  
AT ALL DRUG STORES

**Brownings for National Guard.**  
WASHINGTON, Oct. 28.—National Guard units are to be equipped with Browning automatic rifles, the War Department announces, the reserve supply of these weapons having reached a point to permit their issuance to the guard as well as to the regular army. The department also has ruled that the limit of 200 men per senatorial or congressional district fixed in the national defense act as the strength of the guard shall be ignored for the present fiscal year, organization being on the basis of available pay appropriations instead.

## SIKESTON, MO., GIRL AND ST. LOUIS DOCTOR WED

Dr. and Mrs. Richard J. Payne Will Reside Here After Dec. 1.

A WEDDING which took place in Sikeston, Mo., yesterday, which is of interest to many St. Louisans, was the marriage of Miss Mary Mathews, daughter of Mr. and Mrs. A. J. Mathews of Sikeston, to Dr. Richard J. Payne of 5360 Pershing avenue. The Rev. Dr. A. H. Barnes of the Sikeston Methodist Church performed the ceremony in the morning at the home of the bride's parents, only the immediate families being present.

Dr. Payne is the son of Mr. William Payne of Fayette, Mo., and a grandson of the late John Walker, who was at one time state auditor of Missouri, and a nephew of Mr. and Mrs. W. M. Ledbetter of 5222 Waterman avenue. He is a graduate of St. Louis University Medical School and served a year overseas as a Major in the United States Medical Service, attached to Hospital Unit No. 20. The couple are spending their honeymoon in the East and

## BRIDE OF PHYSICIAN IN WEDDING AT SIKESTON

Mrs. Richard J. Payne.

will be at home after Dec. 1 at 5360 Pershing avenue.

## Social Items

Miss Stella Garrett, daughter of Mr. and Mrs. T. H. Garrett of 29 Kingsbury place, has as her guest Miss Katherine Mosser of Boston, Mass., and is expecting Miss Caroline Reed to arrive from Wayne, Pa., in a day or two. Both visitors have come to be present Thursday at the marriage of Miss Margaret Roseman, daughter of Mr. and Mrs. F. R. Roseman of 5545 Delmar boulevard, and Donald Lincoln of Cleveland, O., at which Miss Garrett will be bridesmaid. Mrs. Garrett will entertain on Wednesday evening with a dinner party in honor of her daughter's guests.

Miss Theresa Kastor of 6203 Washington boulevard entertained with a small luncheon Saturday in honor of her guest, Miss Angeline Reynolds, at which she announced her engagement to Harry Gibson Zelle, son of Mr. and Mrs. C. E. Zelle of 6311 Westminster place. Miss Kastor graduated from Mary Institute in 1918 and spent last year at a finishing school in Washington, D. C. She is the daughter of Mr. and Mrs. F. W. Kastor. Mr. Zelle is a graduate of Washington University and a member of Beta Theta Pi fraternity. No date for the wedding has been set.

Miss Ruth Leggett of 5807 Clemens avenue will entertain next Monday afternoon with a bridge party in honor of Miss Angeline Reynolds of Kansas City, who is the guest of Miss Theresa Kastor of 6203 Washington boulevard. Another affair in Miss Reynolds's honor will be the dinner party which Miss Martha Newman of 5381 Waterman avenue will give Monday evening.

The sale of tickets for the concert that will be given tonight and tomorrow evening at the Odeon for the Good Shepherd Convent and in aid of that institution's social service program, indicates that this affair is being patronized considerably by society.

Among the box holders for tonight are Archbishop John J. Glennon, Mmes. Festus J. Wade, Frank V. Hammar, R. S. Colton, George W. Wilson, H. J. Pettigill, J. D. Wiley, S. W. Fordyce Jr., Con. P. Curran, William Pickel, M. L. Wilkinson, J. H. Farish, Homer P. Knapp, Louis F. Kupferle, William J. Lemp, Theresa Kulage, Charles Wiggins, Edwards Whitaker, J. C. Van Riper, D. G. Taylor, Murray Carleton, A. V. Reburn, Charles P. Stanley, Joseph Pulitzer Jr., J. P. Tirrell, Dr. L. A. Ryan and Louis Werner.

Mr. and Mrs. Ely Crasneck and daughter of 1434 Montclair avenue will depart Friday for a trip through the South en route to San Antonio, Tex., where they will reside.

Mr. and Mrs. D. W. Lincoln of 6922 Pershing avenue are entertaining Mr. Lincoln's mother, Mrs. N. J. Lincoln of St. Joseph, Mo. Several informal affairs have been given in Mrs. Lincoln's honor.

Officers of the St. Louis Art League and members of patriotic societies on the committee to receive Gov. and Mrs. Frederick L. Gardner at the Arts and Crafts Exposition today—Missouri day—are: Mmes. William Haguel, L. W. Ray, Ben F. Gray, Wallace Delafeld, A. V. L. Brockaw, E. Cowles, A. C. Meyer, Waller Edwards, A. W. Southward, S. M. Green, Houston Force, J. T. Moss, E. E. Hickok, J. Lawrence Hume, Ray Burns, Hiram Phillips, W. L. Elme, J. P. Higgins, J. M. Sloan, Theodore Shelton, M. Lott, Mary Wandless.

Cards have been received announcing the betrothal of Miss Lydia Parkinson, youngest daughter of Mr. and Mrs. Charles T. Parkinson, 4959 Maffitt place, to Frank Wright of Metropolis, Ill. Mr. Wright served overseas with the 138th Infantry.

Mrs. James M. Francis of 10 Lennox place entertained today with a luncheon at the Florissant Valley Country Club in honor of her daughter-in-law, Mrs. J. Lindsay Francis.

Mr. and Mrs. James W. Byrnes of 3800 West Pine boulevard were hosts last evening at the Racquet Club dinner dance. They entertained in honor of Miss Muriel Clemens, daughter of Mr. and Mrs. James Ross Clemens of 4616 Pershing avenue. The other

guests at her table were Misses Marion Francis, Elizabeth Smith, Frances Garrison, Mary Plant, and Messrs. Francis Drew, McVair Baker, well, George Knapp, Theodore Benoit, Dayton Canfield and Edmond Kimbell.

Mrs. H. J. Cummings of 4543 Lindell boulevard entertained today with a luncheon at the Women's Club in honor of her daughter, Miss Jane Cummings. The guests included Misses Lucy Ludington, Alice, Peggy Murphy, Dorothy Walsh, Dorothy Wise, Dorothy McBride, Marion McDonald, Rose Muckerman, Catherine McTague, Anita Moll, Ruth O'Reilly, Mary Plant, Ellen Parle, Mary and Eleanor Rosenthal, Juliette Reburn, Margaret Teasdale, Caroline Tyler, Eula Wilson, Georgia Anderson, Marie Baker, Virginia Brennan, Lucille Benoit, Marjorie Cornet, Catherine Clays, Josephine Croak, Henrietta Davis, Doris Drummond, Marion Francis, Louise Francis, Mary Grosse, Vera Herman, Mrs. Powell Whitehead and Mrs. Robert O'Reilly Jr. Assisting Mrs. Cummings were Mrs. Julius Erhardt, Mrs. Boyle Price, Mrs. Ralph Stanley and Miss Annie Martin.

Secrecy surrounds the dance of debutantes to feature the third annual ball for the benefit of the St. Louis Children's Hospital at Moolah Temple tomorrow evening. Spectacular effects in entertainment are promised by the debutante chorus. In the chorus will be Misses Anne Block, Frances Garrison, Elizabeth Smith, Mary Plant, Marian Francis, Juliette Reburn, Doris Drummond, Peggy Murphy, Mary Harris,

Olivia Harbraugh, Prudence Lucas, Elizabeth Benoit, Erwin Hayward, Florence Lambert, Carter Mulliken, Eunice Hodgman, Ada Johnson, Muriel Clemens, Elizabeth Kennard and Dorothy Pilot.

Tickets for the ball are being sold at the Jefferson and Statler Hotel at \$5 each and may be obtained at the door of the Moolah Temple tomorrow night. Arrangements are in charge of the Auxiliary Board of the Hospital and all funds realized will go toward the maintenance of the hospital.

Eighty wounded soldiers at local convalescent hospitals have been invited to attend as guests of the auxiliary. A warning is sent to the men who expect to attend the ball to have their pockets well filled with silver as most of the prettiest debutantes have been asked to sell cigarettes

UNITED STATES \$10 BILLS  
BEING PRINTED IN VIENNA

\$50,000 Worth Ready for Circulation When Scheme Is Discovers.

VIENNA, Oct. 28.—A group of counterfeiters, who were arranging to print a large amount of American \$10 bills, have been arrested under peculiar circumstances. A member of a well-known engraving firm, on his return to the city after a business trip, found that his firm had made a die, which had been taken to the shop of a well-known printer. He notified the police, who found spurious bills to the amount of \$50,000 already printed and awaiting delivery.

The printer explained that certain men had called on him and presented papers, ostensibly from the police, representing that they were members of a Ukrainian commission and had authority from the American Government to print an issue of this money.

COUNTY COURT OBJECTS  
TO STATE ROAD PLANS

Makes Counter Proposal Which Would Permit Improvement of Other Highways.

The County Court at Clayton yesterday formulated a counter proposal to that of the State Highways Board for the building of roads in St. Louis County with the \$3,000,000 bond issue and the \$1,000,000 Government aid.

The proposal, in substance, is that the four proposed State highways, namely the St. Charles Rock road, Manchester road, Gravois road and Lemay Ferry road, cannot be constructed from the city limits to the county line without depriving the other 700 miles of roads in the county of needed improvements.

The Automobile Club of St. Louis County also met yesterday and adopted a resolution commending the proposal of the County Court.

Roy Britton of the State Highways Board took the proposition of the County Court to Jefferson City today.

The specifications for the four State highways in St. Louis County provide they shall be built of two-course concrete to the County line. The County Court thinks this plan would absorb money that should be used in the reconstruction of other roads.

The plan of the County Court is that the St. Charles Rock Road shall be reconstructed only to the Natural Bridge Road; the Manchester Road to a point one mile west of Barrett's Station; the Gravois Road to a point one mile west of the Kennerly Road, and the Lemay Ferry Road to the Butler Hill Road, a total of 23 miles, which would cost \$1,350,939, of which the County's share would be \$785,739 and the Government's share, \$565,200, leaving ample funds from the \$4,000,000 for other County roads.

"THE PERFECT LOVER" knows he must have the Diamond Ring ready. It's easy to get the "Lucky" one. Write to: L. W. & Co., 20 floor, 308 N. Sixth St.—Adv.

SOPRANO SINGERS RIVALS  
ON ORPHEUM PROGRAM

Dancing and Acrobatics Are Other Features of Vaudeville Bill.

Rival colatura sopranos, Louise Gunning and Maud Earl, in separate acts, are the vocal headlines on this week's Orpheum bill. Both sing grand opera arias and ballads in better style than that to which vaudeville has been accustomed. In setting, costuming, acting and brilliant vocalism Miss Earl's rendition of "Fors e lui" from Traviata is a delight to the eye and ear.

Dancing and acrobatics have conspicuous places on the remainder of the program. The diminutive and superlatively handsome Sylvia Jason and William Hag have a colorful and pleasing novelty called "The Book of Vaudeville." Thomas Patricia, "the dancing fool," does a whirlwind act with the able assistance of Ruby Myer. Edwin and Lottie Ford hark back to the days of the clog dance. Italian comedy, the best of its kind, is exploited by Burns and Fahnestock of "Shoo" fame. The Garollett brothers are expert hat throwers and the four Readings do a novel tumbling and "strongman" act. Literary Digest Topics and Kinograms fill out the bill.

JACKSON JOHNSON JR. POST OF  
THE TANK CORPS ORGANIZED

New Branch of American Legion Has Initial Membership of 60 St. Louisans.

St. Louisans formerly in the Tank Corps formed a post of the American Legion at Central Public Library last evening and named it "Jackson Johnson Jr. Post of the Tank Corps" in memory of Jackson Johnson Jr., of Company A, 323d Battalion, Tank Corps, who died Oct. 9, 1918, from influenza at Liverpool.

Jackson Johnson Jr. was a son of Jackson Johnson, 25 Portland place, chairman of the board of directors of the International Shoe Co. and president of the Chamber of Commerce.

Officers were elected as follows: J. T. Rogers of the Post-Dispatch, post commander; E. E. Rudolph Jr., 5075 Cahanne avenue, vice commander; Sam J. Shelton, 4275 Cleveland avenue, adjutant; W. F. Brueckner, 2035 Rutger street, sergeant-at-arms; and Gilbert Loewenstein, 5517 Pershing avenue, historian.

The new post has an initial membership of 60 and will meet again within 10 days.

## GERMAN FOOD SUPPLY LARGE

Minister Reports That Economic Prospects Are More Favorable.

BERLIN, Oct. 28.—Germany's economic prospects are more favorable, the country being provisioned with corn, meats, vegetables and fish for a long time to come, according to a statement made by Herr Schmidt, Minister of Economics, who reviewed the situation before the National Assembly here yesterday.

Difficulties are recurring, however, in connection with the importation of raw materials, he said, and Germany was declared to be selling its products too cheaply abroad. The Minister foreshadowed a control of prices in order that a continuance of this condition might be prevented. Germany's principal anxiety, Herr Schmidt declared, was a shortage of coal.

## Strike Delays Italian Ambassador.

By the Associated Press.

PARIS, Oct. 28.—The newly appointed Italian Ambassador to the United States, Baron Ramono Avezano, is delayed in Paris in consequence of the longshoremen's strike at New York. Thus far he has been unable to make any arrangements for sailing for America.

Wash All Your Clothes as Carefully as This

For years good housewives the country over have washed delicate bits of lace by placing these fine pieces in an ordinary Mason Jar, with suds and hot water, and then gently shaking the jar for a few moments. The "O-Joy" Electric Washer operates on this same simple principle. With it you can wash all your clothes—from rag rugs to filet lace—just as carefully, just as thoroughly, as you wash a few fine pieces in a Mason Jar—and do it much more easily!

We have made a special arrangement with the manufacturers of the "O-Joy" Electric Washer by which we can offer you this remarkable machine at a price considerably lower than you would ordinarily pay. At this Special Sale Price of \$135.00 the "O-Joy" is a rare bargain.

Don't fail to come in and see the "O-Joy"—you have to see it to appreciate its wonderful simplicity, efficiency and attractive appearance. When you have witnessed its operation, you will ask yourself, "Can I afford to be without it?"

The "O-Joy" takes all the dirt out of your clothes without injuring the daintiest fabric. Your clothes will last five or six times as long—and they will always be sweeter—cleaner.

The "O-Joy" saves time—cuts out drudgery. It means soft, white hands. It means doing away forever with the washday backache. And all this at a cost of a couple of cents for each washing!

Even if a maid does your washing, give her an "O-Joy" and she will not only be more contented, but will have a lot more time to give to other tasks.

## STIX, BAER &amp; FULLER

GRAND-LEADER

You can buy the "O-Joy" on very convenient terms. Ask for particulars.

## TEST VOTE TAKEN ON SCHOOL TAX INCREASE

Ballots Sent Home by Pupils—  
Forty-Five Civic Bodies Have  
Indorsed Proposed Advance.

A test vote to ascertain the sentiment of the parents of children attending the public schools toward the proposed tax rate increase to provide higher salaries for teachers is being taken today in the schools. Circulars to which ballots were attached were sent home yesterday by the pupils. The signed ballots of the parents are being returned today by the children. Each principal will tabulate the result in his school and send it tomorrow to Assistant Superintendent Knox. The total from all schools then will be given to the Citizens' School Tax Campaign Committee.

The purpose of the test vote is to find out whether there is serious opposition to the tax rate increase in any section of the city. If such opposition is found, prompt efforts will be made to learn the specific objection.

The circular containing the ballot is entitled "The High Cost of Cheapness," and asserts that one of the most hopeful signs in education today is the growing recognition by the public of the wastefulness of cheap education.

Forty-five business and civic organizations have indorsed the proposed increase for the teachers.

Among the meetings scheduled for today in aid of the campaign are: Mothers' meeting at Glasgow School, 2:30 p. m., address by G. Platt Knox; Fathers' meeting at Glasgow School, 8 p. m., address by G. Platt Knox; Hamilton School Parent Teachers' Association, 8 p. m., speech by Supt. J. W. Withers; Dumas School, open meeting, 8 o'clock, address by C. S. Clark.

Campaign songs composed by pupils of the elementary and high schools are being sung by juvenile choruses and school glee clubs at the meetings of the school tax campaign.

Superintendent Withers will deliver an address on the school tax rate tomorrow at noon at a members' luncheon of the Chamber of Commerce at Hotel Statler.

The indorsement yesterday by the Chamber of Commerce of the proposed increase made the total of 45 business and civic organizations which have gone on record as approving the tax rate increase.

## RHEIMS CATHEDRAL IS TO BE REPAIRED

Damage Less Than First  
Thought, Cardinal Lucon Says,  
to Resume Services Nov. 1.

By the Associated Press.  
PARIS, Oct. 28.—After all, the Rheims cathedral has not suffered from German bombardments and fire so much as was first supposed. Cardinal Lucon has told a representative of the Paris Intransigant. The Cardinal announced that divine service would be resumed in the cathedral from Nov. 1, but the holy office will be restricted to the altar of the Virgin and the ambulatory around it. These will accommodate only about 1500 persons.

The interviewer describes how he met the Cardinal at Rheims in a simply furnished apartment of the archiepiscopal palace, with a shell hole in the wall. Cardinal Lucon, despite his 77 years, is still hale and alert, and he is an optimist.

"Destroyed, my cathedral? Why, no," he said. "The damage is much more easily repaired than is generally believed. A few ancient parts, it is true, cannot be replaced; but the beauty of the cathedral lay, first, in its stained glass; secondly, in its sculptures, and thirdly in its statuary."

"Of the stained glass, nine-tenths has been saved and brought to Paris. The remaining tenth can be restored by specialists, with the aid of much patience and a great number of colored photographs we have. As regards the sculptures, we shall use the numerous moldings we have of them. Many have had to be restored anyway in the course of centuries, such as for instance, the large piece representing the Assumption. That was restored in 1875."

"As for the statuary, we have so many moldings that it will be easy to reproduce the damaged parts. The pillars, with their ornamented capitals, have suffered little; only the two side doorways have been badly damaged by fire."

"Was there not some talk of leaving the cathedral as it was?" the reporter asked.

"If the evidence of Teutonic barbarity have to be preserved, let them be kept in a private museum," replied the Cardinal gravely.

YOUR DRUGGIST will receive your Want Ads for the Post-Dispatch at the same rates charged at the main office. Try him. He sells other things than medicine. Look around.

## WORLD SHIPBUILDING INCREASES

By the Associated Press.  
LONDON, Oct. 28.—Lloyd's shipping report says that at the end of June, 1919, a record amount of shipbuilding was going on throughout the world, namely, 4,800,000 tons, of which 2,000,000 tons were building

in the United Kingdom. During the year to June 30 there were 2,800,000 gross tons registered at Lloyd's, of which the United States built 1,300,000 tons, the United Kingdom 1,300,000, Japan 300,000 and Canada 200,000.

Next to the United States, Japan showed the greatest increase in shipbuilding in wartime.

### ZACH HERE TO OPEN SYMPHONY CONCERTS

Conductor Predicts Great Future  
for St. Louis Orchestra—First  
Concert Nov. 9.

Director Max Zach, who arrived  
last night from Boston to begin his  
thirteenth season as conductor of the  
Symphony Orchestra, says he is in-  
clined to believe with President Wil-  
son that 13 is his lucky number. He  
has hopes, at least, that the present  
year will prove the most auspicious  
in his St. Louis career.

In the increase of the orchestra  
from 55 to 81 musicians he sees an  
opportunity for improving the artistic  
standards of his concerts. In the  
action of various public organizations  
in guaranteeing a 100 per cent seat  
sale for the season and in the fact  
that it has been deemed necessary  
to hold the opening popular concert,  
on Nov. 9, at the Coliseum, he per-  
ceives an awakening of public in-  
terest in music which he character-  
ized as "wonderful."

Foresees Large Orchestra.  
These developments are so en-  
couraging, he said today, that he  
felt inspired to indulge in a few  
prophecies as to further advances in  
the next few years. He foresees the  
orchestra grown to the ideal num-  
ber of about 100 musicians, with a  
complete quartet in all the wind in-  
struments, a double quartet in the  
horns, and strings to match. He  
would complete the flute section by  
adding an alto flute to the piccolo  
and two flutes of today; he would  
reinforce the two regular clarinets  
and bass clarinet with an E-flat  
clarinet.

Then he would have the orchestra  
housed in a home of its own, a sym-  
phony hall such as there is in Bos-  
ton and Cincinnati, with a library  
and a study in which the director  
might prepare his work. He would  
lengthen the season to 25 weeks,  
with 18 pairs of concerts instead of  
15, and begin it in the middle of  
October. Then he would have a large  
mixed chorus attached to the or-  
chestra, under a competent chorus  
master, so that at three pairs of  
concerts great choral works could be  
given.

All of these things will come in  
time, he said, if the orchestra obtains  
a permanent endowment fund which  
will relieve it of financial worries.  
He pointed out that the Philadelphia  
orchestra is now in the midst of a  
vigorous campaign for an endowment  
of \$1,000,000.

Regarding the programs for this  
year, Zach said that he had given  
special attention to the selection of  
new works by American composers.  
To Encourage Americans.

"Supposing some of them are not  
of first-class caliber," he remarked.  
"Some day the American composers  
will write first-class music, and in  
the meantime they should be en-  
couraged by having their works per-  
formed. Not all of the mass of  
music that has come out of France  
is by any means first-class. Zoe  
Akins did not write a 'Debutante' at  
the first attempt, but she might not  
have had the courage to keep on had  
her earlier works not obtained per-  
formance."

Among the new American works  
scheduled for the first eight or nine  
concerts are an overture, "Adonais,"  
by Chadwick; Edward Burlingame  
Hill's "Stevensonia," described as a  
very dainty and humorous creation  
based upon Stevens's poems of  
childhood; one of two symphonic  
poems by Rubin Goldmark, a nephew  
of Karl—either his "Samson" or his  
newer "Requiem," which had a tre-  
mendous success in New York a few  
weeks ago; a serious introduction  
written by Henry Franklin Gilbert  
to Synge's play, "Riders to the Sea";  
a symphonic poem entitled "Norge"  
("Norwegian"), by Philip Clapp,  
dean of the musical department at  
the University of Iowa; and a sym-  
phony by Frederick Converse.

Sophie Braslau will be the soloist  
at the first pair of regular concerts,  
on Nov. 14 and 15, and the program  
will include Beethoven's "Leonore"  
overture, No. 3, and Tchaikovsky's  
Fourth Symphony. At the second  
pair will be heard the Chadwick  
overture, "Adonais," Beethoven's  
Fifth Symphony, the waltz scene  
from Berlioz's symphony, "Romeo  
and Juliet," and the Brahms violin  
concerto played by Albert Strosser,  
as soloist. Sergei Rachmaninoff will  
be soloist at the third concert, and  
will probably play his own Second  
Piano Concerto, the other numbers  
on the program being Hill's "Stevens-  
onia" and Rimsky-Korsakoff's  
"Scheherazade."

Kreiser to Play.  
Much to the surprise of Director  
Zach, the Chausson symphony played  
for the first time here last year, re-  
ceived unusual popular favor. In  
other cities, he said, it was accepted,  
but not very enthusiastically. So it  
is to be repeated at the fourth con-  
certs, when Fritz Kreiser will play  
the Beethoven violin concerto. The  
fifth pair of concerts, the only ones  
without a soloist, will present the  
Prelude to "Parsifal," the third sym-  
phony of Alfvén, a Norwegian com-  
poser, a "first time" number here;  
and Debussy's "Three Nocturnes,"  
the third of which calls for a wom-  
an's chorus of 25 voices.

Compositions to be heard at suc-  
ceeding concerts include Schumann's  
Second Symphony, the overture to  
Smetana's "Bartered Bride," Glaz-  
ounoff's overture, "Solemnity," Dvor-  
ak's violin concerto, to be played by  
Albert Spaulding; Tchaikovsky's  
"Manfred" symphony, Bossi's "In-  
termezzi Goldoni"; the Brahms B-  
flat piano concerto, to be played by  
Rosita Resard; Weber's "Freischut-  
z" overture, Elgar's "Cockaigne"  
overture, a picture of cockney life;  
another Beethoven symphony, per-  
haps the Second; Liszt's "Les Pre-  
ludes," and D'Indy's Second Sym-  
phony. The list is virtually com-  
pleted up to the tenth pair of con-  
certs.

## High Grade Coats

Produced to Retail at \$50, \$55 and \$60

Obtained at a concession that enables  
us to offer them at a price that will  
make tomorrow the BIGGEST COAT  
DAY of the entire year.

Here is a wonderful event for fash-  
ionable women who want to buy a  
real distinctive Coat—manufactured  
specially for such particular women  
as constitute our trade, by a high-  
class maker.

To close a purchase like this is not an easy  
matter in such a market as we have now—when  
goods and labor are sky high. But we were  
unusually fortunate, and you can share in this  
good fortune if you are alert to your advan-  
tage.

Many of These Coats  
Have Large, Rich  
Fur Collars!

We call particular attention  
to the fine quality furs. The collars  
are in shawl, roll, square and  
single-line effects. Genuine  
skunk, opossum, mole and kit  
coney, Kolinsky dyed coney,  
French sealine, nutria beaver.

Models for Every Woman,  
Miss and Junior!

Every new Coat thought is repre-  
sented. The loose back, flared  
model, the smartly belted, semi-  
belted, cross and novelty  
belted effect. New pock-  
ets—plaited and yoked  
backs, tucked and  
button trimmed.

## ST. LOUIS LUMBERMEN DIFFER ON DEMURRAGE

Two Committees' to Present  
Views on \$10 a Day on Cars  
for Reconsignment.

Two committees representing St. Louis lumber interests will appear before the Railway Administration hearing at Washington tomorrow in regard to the new order charging \$10 a day additional to demurrage charges on cars of lumber held more than 48 hours for reconsignment.

R. E. Gruner of the Phillip Gruner & Bro. Lumber Co., A. Boeckeler of the Boeckeler Lumber Co., and J. A. Reheis of the St. Louis Lumber Co., will compose the committee representing the Lumber Trade Exchange, Syndicate Trust Building, which opposes the removal of the \$10 extra charge. Grant R. Gloor of the Gloor-Ortman Lumber Co., Charles K. McClure, sales manager for the South Arkansas Lumber Co., and E. E. Eversall, traffic manager for the W. T. Ferguson Lumber Co., will represent the wholesalers' division of the Lumbermen's Exchange, which want the charge removed.

D. M. Wylie, manager of the Lumber Trade Exchange, explained that his organization wanted the order enforced because without the extra charge the larger lumber dealers had to meet competition of smaller dealers having only a small outlay of capital, who sold their lumber on consignment while in transit and that this tied up the lumber cars.

Call Charges Discrimination. H. R. Asman, secretary of the Lumbermen's Exchange, said the wholesalers' division was against the charge because it was discriminatory. Coal, grain, cotton and oil, he said, were sold in transit and the dealers were not compelled to pay storage charges.

The additional charge became effective Oct. 29 and since that time transit brokers have sent word to the smaller mills to cease consigning cars to them. He said that a survey made last Saturday showed there were about 10 per cent of the number of cars in transit at that time in comparison with four weeks ago.

Asman has compiled figures showing that a car held a week for reconsignment would accumulate \$98 worth of storage and demurrage charges. The charge does not affect cars originally billed to a bona-fide destination, arrived and standing on a public or private track and there unloaded, but should a shipment be rebilled intact after arrival the storage charges would be retroactive.

Shows How Small Mill Works. He cited the example of a small mill, operated by the owner, which consigned a car of lumber to a transit broker, who would include the car in a consolidated carload of available lumber which is sent to retailers. The car would be sent to a transit center, like East St. Louis, where it would be held until ordered intact by a retailer. Because the car was already loaded and in transit, in normal times it would sell from \$60 to \$75 below the market price. Lately, he said, such cars had had as many as five bidders with the result that they were selling almost that much above the market price.

The large dealers, he said, were trying to curtail production in order to get higher prices for the stock on hand. He added that because the price of transit lumber has gone above the large wholesaler's prices the retailers are siding in with the large wholesalers in an effort to make the \$10 charges permanent. His explanation for the high price of transit lumber was the fact that transit brokers had asked that consignments be stopped.

Wylie said that the order did away with the use of cars for storage purposes and made more cars available.

## MURDER OF FRENCH MANAGER OF GERMAN PLANT IN COURT

Supervisor of Powder Factory,  
Which Sold Government Inferior  
Goods, Disappeared in 1918.

By the Associated Press.  
BREIST, France, Oct. 27.—A case involving one of the most mysterious murders ever committed in France came up before the Breist Assizes yesterday. The murder dates back to December, 1918.

Jean Cadoui, manager of a powder factory near Breist which had been organized with German capital, disappeared Dec. 30, 1918. His body was found some weeks later in a brush near the factory.

Louis Pierre, chief engineer of the factory, was arrested charged with the killing of Cadoui, but later was released and joined the French army, with which he served brilliantly and rose to the rank of a commissioned officer.

Great interest has been aroused throughout France on the outcome of the court investigation, as revelations are expected concerning the organization of the powder company with German capital. Some of the powder furnished the French Government proved of an inferior quality, and the Government's contract with the company was revoked.

YOUR DRUGGIST will receive your Want Ads for the Post-Dispatch at the same rates charged at the main office. Try him. He sells other things than medicine. Look around.

Hartford Will Save Daylight. By the Associated Press.  
HARTFORD, Conn., Oct. 28.—The City Council of Hartford last night unanimously adopted an ordinance providing for daylight saving in this city next year, beginning with the first Sunday in April and ending with the last Sunday in September.

## HOMICIDE VERDICT IN AUTO CASE

Coroner's Jury Holds Unknown  
Driver Responsible for Woman's  
Death.

A coroner's jury returned a verdict of homicide at the hands of persons unknown at an inquest this morning into the death of Mrs. Dora Wiese, 62 years old, 1321 North Sarah street, who died at 11:40 a. m. Sunday as a result of injuries sustained Saturday night when she was struck by an automobile at the corner of Sarah and Lucky streets. Witnesses testified that the automobile was a Ford touring car and that the driver got out of the machine and looked at his victim before driving on. Mrs. Wiese suffered a fractured skull. She was a widow and was employed as a housekeeper.

## Gillette— for Men Abreast of the Times

No Stopping—No Honing

NO time now for wasteful methods. Busy men of today can't afford to bother with things that are inefficient. When a man can shave in three minutes with a Gillette Safety Razor—the smoothest and quickest shave he ever had in his life—why should he take as long again to get some other razor ready for business?

Think what the wonderful Gillette Blade means in shaving efficiency. The finest grade of high carbon steel, scientifically hardened and tempered—sharpened for you at the factory—that is the Gillette Blade, the most effective and economical shaving edge known.

The Gillette is the only safety razor blade readily adjustable to any type of beard, light or heavy or in between. A slight turn of the handle fits the curve of the blade to any degree of close shaving desired.

To be abreast of the times, invest in a Gillette—the one real shaving service.

## Well Managed Homes Choose It

Women who take pride in well managed homes won't tolerate an electric iron that constantly gets out of order.

They know the trouble it costs. Ironings delayed, clothes not ready when expected, the whole household routine disturbed.

That is why good housekeepers cheerfully pay a little more for the proved reliability of the American Beauty. The little extra it costs is repaid many times in better work and freedom from annoyance.

In the homes whose management you admire, you will surely find the American Beauty. More than 2,000,000 users have proved it "the best iron made."

It is shaped for fast ironing. Note the nose. It does quickly the tucks and ruffles so difficult for the ordinary shaped iron. The flexible cord is protected for hard service. Weight and balance are just right. The smooth mirrored surface glides effortlessly. You finish cool and fresh.

Get one today. There is a lifetime of good, dependable service in it.

## Enjoy Real Heating Comfort with this Powerful, Fuel-Saving Detroit Jewel Hot Blast Heater

Burns Any  
Fuel—  
Hard Coal  
Soft Coal  
Coke or  
Wood and  
produces a  
big volume  
of heat  
quickly

Holds fire  
24 hours and  
consumes  
the smoke  
and soot of  
soft coal

### Some Facts You Should Know About this Wonderful Heater

The Detroit Jewel Hot Blast is the latest improved all-fuel heater. With it you can meet any fuel situation which may arise. It is a wonder for burning soft coal, slack, or bituminous. Many homes are now burning this sort of fuel with the same satisfaction as when they used hard coal, and cutting their fuel bills to the lowest notch. The reason is because this heater is equipped with a Hot Blast tube which supplies air "over-the-fire" to burn the heavy smoke and soot.

Investigate and learn about this marvelous Hot Blast tube, as well as the improved clothes-drying grate, big ash pit and pan, double section inside fire pot, and other features which make the Detroit Jewel Hot Blast the most efficient and economical heating stove for every home.

Most Dealers Sell this Heater  
on Easy Payments

Every home can own this reasonably-priced, powerful heater that reduces heating costs, because most dealers sell it on easy payments. On this plan you make a small initial payment and pay the balance weekly or monthly, to suit your convenience.

Upon request we will mail literature which com-  
pletely describes this exceptional heating stove.

## REFUND FOR BUYERS OF ARMY FOOD BY MAIL

Difference Between Prices They  
Paid and Prices at Stores to  
Be Given Them.

For the benefit of persons who made purchases of army food through the postoffice before the opening of the retail stores, it was announced yesterday by officials in charge of the sale that the postmasters have had refunded to them an amount of money equivalent to the difference between what they were paid and the new price on all articles which were reduced in price. They in turn will remit to the individual purchasers what is due them. This arrangement has been made as a result of numerous complaints that purchasers at the stores were busy in many cases getting goods cheaper than those who had ordered by mail.

During the five weeks the retail stores have been in operation, an average of 3750 persons have been served daily at each store, and their purchases at the stores were \$2000 per day. The store at Fourth street and Washington avenue has sold enough food to equal the sales of the West End Hotel store, which also handles clothing and shoes.

Next week a new store will be opened at 413-15 North Third street, which will handle clothing, blankets and hardware, and blankets will also be placed on sale at the West End store.

Charitable institutions have taken advantage of the privilege to buy large quantities of the foodstuffs without having to stand in line. Among the institutions that have bought under this arrangement are the Barnes Hospital, the Protestant Orphan Girls' Industrial Home, the St. Louis Provident Association, the Blind Girls' Industrial Home. Their purchases range in amount from \$25 to \$300.

Some trouble has been experienced in getting dependable clerks. Cases were discovered where the clerks were working in the interest of persons who wished to buy to resell later for personal profit. One clerk was discovered giving a person more goods than he had paid for.

The demand for jam, pineapple, asparagus and rice proved heavy from the beginning of the sale, and as a result the stores have run out of these articles.

The lines of purchasers at the two stores when they opened at 8 a. m. today were again shorter than on most days because of the cold weather.

The food line at the West End store was about a block long and the clothing line about a half a block. The shoe line was again longer than normal, for customers have found that the quickest access to the two other stores is through the shoe store. There were no policemen on hand this morning to hold the crowds because of the policemen's parade.

The line at the downtown store was a block and a half long.

THERE ARE FIVE WAYS of getting Want Ads to the Post-Dispatch office. Through your druggist, over your phone, by mail, by messenger or personal call—with no difference in prices.

## ARMY FOOD CLERK HELD ON OVERCHARGE COMPLAINT

Customer Alleges He Had to Pay  
Extra 50 Cents to Procure Jam  
at Downtown Store.

William Dunkman, 20 years old, of 8125 Alfred avenue, a clerk at the Government food store at Fourth street and Washington avenue, was arrested by Federal agents and detectives yesterday afternoon and accused of having overcharged Walter Gillespie, 16 years old, on a purchase of six cans of jam advertised by the Government to be sold at 23 cents a can.

Gillespie, who is employed by a Fourth street brokerage house, told the agents he went to the store last Saturday and waited in line two hours. When he got in, he said, Dunkman told him the supply of jam was gone, but added: "We expect some more, and I can fix you up Monday, but it will cost an extra 50 cents."

Gillespie returned to the store yesterday. Government agents were watching, and they reported they saw him pay \$1.33 for six cans of jam, which, at the advertised Government price, should cost \$1.38.

Dunkman, according to the agents, admitted taking the extra 50 cents for himself, and said he had hidden the case of jam under the counter and pretended the supply was exhausted in order to make purchasers pay a premium for it. He said Gillespie was the only one on whom he worked this scheme.

## FIREMAN POISONED WITH GAS

Found on Gas Stove With Burners  
Open—Will Recover.

Fire Captain George Allers, 53 years old, residing with his family at 4630 Pope avenue, who until two months ago was a District Chief in the Fire Department, was found unconscious from gas in Engine House No. 8, Blair avenue and Salisbury street, at 5:15 o'clock this morning. His head, covered with his uniform coat, was resting on a small gas stove, the burners of which were open. He was taken to the city hospital. Policemen who made inquiry at the engine house were met with rebuff on the part of the firemen, according to their report, the firemen refusing to give any information.

Allers was reduced two months ago at his own request on the ground that he had suffered a nervous breakdown. He came down from the dormitory at 5 a. m. today and relieved the night watchman. At the hospital Allers said that he had been brooding over his nervous condition. Doctors said that he would recover from the effects of the gas poisoning.

## Use Famo Every Day for Healthy New Hair

Faithful daily use of FAMO is as necessary to keep your hair healthy as thrice-daily brushing is to keep your teeth good. Famo is the one product that can be used daily with beneficial results.

If you have dandruff, Famo will destroy it by stopping Seborrhea, the disease that causes dandruff.

Famo gives the hair health and vigor. Its constant use stimulates the growth of new hair.

Used each day it keeps the hair soft, silky and glossy; the scalp as clean and sweet as a baby's.

Famo contains no alcohol to cause scalp and hair dryness. It postpones grayness by making and keeping the hair healthy.

You will enjoy using Famo every day of your life.

It requires no rubbing; it does feed and nourish the hair roots.

It stops itching and makes the whole head healthy.

Famo is sold at all toilet goods counters in two sizes—35 cents for the small size and an extra large bottle at \$1.00 guaranteed.

Seborrhea is a morbidly increased flow from the sebaceous glands of the scalp. The seborrheic secretion forms in scales and flakes and is commonly known as dandruff.

J. L. Minnis Jr. Gets Divorce.  
James L. Minnis Jr., son of a former vice president and general solicitor of the Wabash Railroad, yesterday obtained a divorce in Circuit

Judge Davis' court from Eileen Davis of Long Beach, Cal. They were married in April, 1918. Minnis charged his wife deserted him last December. She did not contest.

## UNION ELECTRIC HEAD INTERPRETS NEW RATES

Declares Only Household Users to Feel Substantial Increase Will Be Large Users of Current.

Louis A. Egan, vice president and general manager of the Union Electric Light and Power Co., last night gave his interpretation of the effect on the electric bills of St. Louis householders of the new rate schedule which the company has asked the Public Service Commission to authorize. The surcharge of 10 per cent, authorized as a war relief measure last December, would be dropped Oct. 31 under the schedule.

Electric bills are based on the number of "active" rooms in a household, the amount of energy consumed and the rate. A room in which the family is accustomed to spend several hours a day is called an "active" room. One bedroom constitutes an "active" room, but after the first, it takes three bedrooms before a second "active" room is added.

Four Room Bills Reduced.  
Egan's interpretation of the proposed rates is:  
The householder with four active rooms will pay no higher average monthly bill unless his present average monthly bill is more than \$2.15. There are 25,000 consumers, according to Egan, in this class and the average reduction for them under the proposed rates would be 12 cents a month.

The householder with three active rooms will pay no higher bill unless his present average monthly bill is more than \$1.63. There are 28,000 consumers in this class, according to Egan, and the average reduction which the proposed rates would effect in this class would be 9 cents a month.

In this connection, Egan stated that the average monthly bill of the 80,000 residence consumers in St. Louis was \$1.42.

He declared that the only householder who will pay more for electricity is the larger user, of which there are less than 10,000, and that his increase would range from a fraction of one per cent to a maximum of 7 per cent.

City Analysis Rates.  
An analysis of the proposed schedule was submitted yesterday by Ralph Toensfeldt, a city engineer, to Director of Public Utilities Hooke, who passed it to the City Council for its guidance in determining whether the city should oppose the new application. Toensfeldt's statements on the effect of the rates follow:

For a house with three "active" rooms, which usually means a six-room house, those paying bills of less than \$1.67 a month will find a saving of 1 cent to 6 cents; those paying from \$1.67 to \$2.56 will pay 1 cent to 8 cents a month more, and those whose bills are more than \$2.56 will save one-half cent a kilowatt hour.

For a house with four "active" rooms, usually a seven-room house, on bills below \$2.22 there will be a saving of 1 cent to 7 cents a month; on bills from \$2.22 to \$3.30 there will be 1 cent to 14 cents increase, and on bills above \$3.30 there will be a saving of one-half cent a kilowatt hour.

For a house with five "active" rooms, usually an eight or nine room house, on bills up to \$2.73 there will be a saving of 1 cent to 10 cents a month; on bills of \$2.73 to \$4.04 there will be an increase of 1 cent to 20 cents, and on bills of above \$4.04 there will be a saving of one-half cent a kilowatt hour.

## HEARST DECLINES TO MEET GOVERNOR SMITH IN DEBATE

Publisher Declares State Executive Has Repudiated Government Ownership Pledges.

NEW YORK, Oct. 28.—William Randolph Hearst, publisher, who was recently challenged to public debate by Gov. Smith, in the latter's reply to attacks made on him by the publisher, has made it known that he has "no intention of meeting Gov. Smith, publicly or privately, politically or socially."

The statement was contained in a letter which Hearst addressed to Jefferson Demont Thompson, president of the Broadway Association, who had telegraphed Gov. Smith and Hearst announcing that a committee of 100 had secured Carnegie Hall for next Wednesday and inquiring if the two principals were "ready" for the debate. The Governor accepted.

In his letter Hearst attacked Gov. Smith's record and charged that "it was Tammany that hired Carnegie Hall for Wednesday night before the hall was turned over to you."

Hearst declared Smith had repudiated pledges made in regard to government ownership and operation of public utilities, and added, "The only apology I would have to make would be for having supported Gov. Smith."

## HEALTH COMMISSIONER CLOSES GRANITE CITY PUBLIC SCHOOLS

Granite City public schools yesterday were ordered closed indefinitely as a result of the discovery of 21 cases of diphtheria and scarlet fever among the pupils within the past few weeks. The order was issued by Health Commissioner J. H. Wedig and L. P. Prohardt, superintendent of schools, and affects 2000 pupils in seven schools.

Motion picture theaters have been ordered to take precautions against the spread of disease, fumigating buildings after each performance. One school, St. Joseph's Catholic Parochial School, has not been closed as no cases have developed there. The order will remain in effect for the rest of the week and as long after that as any danger exists.

128th Field Artillery Passing City Hall

Home-Coming Parade 138th Infantry

## Come Along with the Buddies! Join the First---

—First Missouri Infantry  
—First Missouri Field Artillery

¶ The "service-men" are coming back. Join with them—and inherit the wonderful traditions of the St. Louis National Guard; became a part of the outfit that has glowing pages in history from the War of 1812 down to the great victory in France. ¶ A big recruiting campaign for the reorganized 138th Infantry and the 128th Field Artillery is now in full swing. ¶ All equipment is furnished by the Federal Government. There is no expense to the men.

### Infantry

Quarters at the Infantry Armory, Grand and Market Sts., have been remodeled and refurnished. They include a club and assembly room equipped with reading matter and writing materials, pool tables, bowling alleys, basketball courts, the city's finest swimming pool and shower baths. Indoor and outdoor ranges are provided for rifle practice. An athletic director has been secured to organize athletic teams and many happy social features are scheduled. The regiment is equipped with the famous 1903 model Springfield rifles.

### Artillery

Excellent quarters at Artillery Armory, Grand Av. and Hickory St. The regiment now is heavy artillery with tractor drawn 155's.

Plans are under way for leasing several hundred acres on the Meramec River for artillery and infantry maneuver grounds. Bathhouses and tennis courts are to be built and many other provisions for sport made as a country club feature for the artillery. Also they will be open to the infantry.

## The Record of the National Guard

The record of the National Guard is a record of the glory of American arms. In the greatest battle of our history—the Meuse-Argonne—there were engaged eight National Guard divisions, four National Army divisions and four Regular Army divisions. Join in and help keep up the St. Louis units which were there.

Eligibles are all men between 18 and 45 years of age and 5 feet 5 inches or over in height. For further information call at the quarters of either organization any night between 7 and 10 o'clock and any time Sunday afternoons.

To be a member of the St. Louis National Guard is to be a member of St. Louis' most famous organization.

Accomplishing Most Wonderful Results.

"I want to thank you for your wonderful oil," writes Mr. J. C. Gibson of Jonesboro, Ark. "My little girl was very low with diphtheria; I had given her two doses of medicine which cost me \$10 with no result. I bought a 25c bottle of your oil and one application relieved her. Now she is well. It is the greatest remedy I ever saw." Mr. Gibson made this statement before hundreds of people. Mrs. Florence Meager, 234 Whitney street, Hartford, Conn., writes: "I have used your Anti-septic Oil for neuralgia with good effects. Only thing I have ever tried that stopped the pain immediately." Mrs. Williams, Gadsden, Ala., writes: "I have used your great pain oil for rheumatism, stiff joints, also for sore throat, and I want to say that it is the greatest remedy I ever tried. I recommend it to all sufferers." Many cures reported daily from thousands of grateful users of this wonderful oil. Every bottle guaranteed, 30c, 60c and \$1.00 a bottle, or money refunded, at Wolf-Wilson Drug Co. and Enderle Drug Co.—ADV.

## BURNED LIGHTING CIGARETTE

Boy Had Put Turpentine on Hands After Cutting Them.

Robert Anderson, 18 years old, of 121A South Broadway, was taken to the city hospital in a serious condition last night suffering from burns on both hands and wrists as a result of his attempt to light a cigarette after he had dipped his hands in turpentine and wrapped bandages around them. The turpentine soaked bandages caught fire and he was burned before friends could pull them off. He had previously cut his hands, he said, accidentally, and had dipped them in the drug to cause them to heal quickly.

# Memorial Park

## The Reason and Inspiration

The return of our soldiers, sailors and marines—the joyful homecoming—the inspiring reception—the deserved testimonials—the sorrow and woe of those whose loved ones did not return—the desire to put into concrete form the frequent suggestion of a fitting memorial to those who died in the service of their country—is the reason and inspiration for Memorial Park.

The decision made to foster and to erect a memorial monument—the next step was to find a proper setting—to finance its cost—and to arrange for the upkeep.

What better suggestion than a burial park—dedicated sacred to the memory of the dead forever—and so was developed Memorial Park.

The founders will erect a heroic monument in honor of America's soldier, sailor and marine dead.

Memorial way, sweeping in majestic curves—a distance of more than a mile, throughout the length of Memorial Park—will be lined with memorial trees—one for each boy from St. Louis and its immediate vicinity—who made the supreme sacrifice—bearing his name in everlasting bronze—to keep forever fresh his memory.

The roadways will be named after the hills and valleys, the cities and towns where American boys fought and died in foreign lands.

Suggestions and ideas to assist the founders in this purpose are earnestly solicited.

MEMORIAL PARK PROVIDES THE PROPER SETTING FOR SOLDIERS' MEMORIALS

### LYON TESTIFIES IN HIS TRIAL ON CHARGE OF KILLING JUDGE

Editor Says He Stabbed Divilbiss in Self-Defense; Wife Makes Plea for Accused Man

RICHMOND, Mo., Oct. 28.—Robert S. Lyon, Richmond editor, on trial charged with the killing of Judge Frank P. Divilbiss, took the stand late yesterday in his own behalf.

Testifying in the courtroom, just outside of which the fight occurred last April, which was followed by Judge Divilbiss' death, Lyon testified that he stabbed the jurist in self-defense, after he had been knocked down, and when he believed his life to be in danger. Lyon used Judge Divilbiss' knife, he testified, which, he said, had fallen either from the judge's pocket or from his hand.

Lyon asserted on the witness stand that he had known Divilbiss since 1902; that he had been on friendly terms with him, and had supported his political aspirations until May, 1917. At that time, Lyon testified, he had begged Judge Divilbiss not to run for Congress, after which their friendship chilled.

Mrs. Lyon, wife of the accused man, testified as to the injuries he had received and made a plea to the jury for her husband. She has recently been ill with typhoid fever and had to be assisted to the witness stand.

The case is expected to go to the jury today.

### RESTRaining ORDER ISSUED TO CHECK CLOTHING STRIKERS

Judge Dyer Grants Petitions to Prevent Interference With Operation of Five St. Louis Firms.

Judge Dyer in the United States District Court yesterday issued a temporary restraining order against officers and members of the Amalgamated Clothing Workers of America to prevent them from interfering with operation of five St. Louis manufacturing firms against which strikes are under way. David Linkerish, local president, and Abe Milman, secretary-treasurer, are the officers named.

The petition alleges that Frank Rosenblum, an organizer, came here from Illinois about Oct. 14 and demanded that the employing companies make contracts surrendering the management and control of the factories to the workers, as is being done in Russia.

The Amalgamated Clothing Workers of America are not in any way connected with the United Garment Workers and are not affiliated with the American Federation of Labor.

The manufacturing concerns which asked for the restraining order are the Knickerbocker Clothing Co., 1310 Washington avenue; the Epstein Pants Co., of the same address; Carleton Clothing Co., 1125 Washington avenue; Sigfried & Sons Clothing Co., 1015 Lucas avenue, and the Rosenberg & Sigfried Clothing Co. of 807 Locust street.

### TYPEWRITTEN MAGAZINE ISSUED

Trade Journal Improves on Method of Printing Without Compositors.

NEW YORK, Oct. 28.—For the second time a magazine was issued yesterday without the aid of compositors. The experiment was first made a week ago by the Literary Digest, one of the scores of periodicals forced to suspend by the lockout and strike in the local printing trade. Nugents Weekly, a national magazine devoted to the manufacture of women's garments, followed the example of the Literary Digest today.

The same process of typewriting and then photographing the pages was used, but by use of a special typewriter the lines were "justified," or equalized in length.

### FRAUD IN ADVERTISING DENIED

Texas Companies Protest Against Charges of Trade Commission.

Special to the Post-Dispatch. HOUSTON, Tex., Oct. 28.—A complete denial of the charges of fraudulent advertising and unfair practices filed by the Federal Trade Commission Oct. 10 against the General Oil Co. and the Prudential Securities Co. has been made by the president of these companies, S. E. J. Cox of Houston.

"I am also elated for stating that I had on hand a check for \$1025 for educational funds which was to go for a scholarship. I have given a check for this amount every month, my boys are at school and I am receiving regular reports from them."

### 1500 ATTEND FARM CONGRESS

By the Associated Press.

WASHINGTON, Oct. 28.—With more than 1500 delegates in attendance, the National Farmers' Congress, in session here, planned to get down to business today. While a number of matters of interest to the farmers of the nation are to come before the congress, the one outstanding question to be settled is that of an alliance with the American Federation of Labor.

Every state in the Union was represented among the delegates gathered today for the initial business session. In connection with the congress a number of agricultural, horticultural and agronomic associations will meet.

### Army Truck Sale at Scott Field.

Twenty-one army trucks will be sold at public auction at Scott Field, Belleville, the morning of Nov. 10. Terms are cash at the time of sale. The Government reserves the right to reject any bids. The trucks must be removed within 48 hours after purchase. Included in the sale are two six-ton steel dump body Graysen Bernstein trucks and eight one-ton Ford trucks with ambulance and delivery bodies.

Don't trust to luck in selling real estate; it's much safer to trust it to Post-Dispatch WANT ADS.

### MORE THAN HALF USERS OF FREE BRIDGE ARE ILLINOISANS

Three Weeks' Count Shows 53.1 Per Cent of Vehicles Came From Across River.

Illinois vehicle owners get more than one-half the benefit of the St. Louis free bridge, the eastern end of which the assessment authorities of St. Clair County are endeavoring to tax under Illinois law. The question is before the Illinois Supreme Court at Springfield, and City Counselor Daves is to file a brief there within a short time.

A count of traffic, made under the direction of the city street department in the first three weeks of September, shows that 53.1 per cent of the traffic passing over the bridge was that of Illinois residents. The total number of vehicles counted was 85,184, and of these, 46,593 had

Illinois licenses. Installation of two passenger trolley cars, by the city, on the bridge, has been deferred because this tax case has been pending. With cars carrying passengers at a 5-cent fare, the St. Clair County authorities might contend that the bridge was a money-making institution.

### ROOSEVELT ENGINE LOST BRAKES

Speaker Says Colonel's Administration Was Like Automobile.

NEW YORK, Oct. 28.—In an address at the Harvard Club last night, Regis S. Post, whom Col. Roosevelt appointed Governor-General of Porto Rico, said:

"The Roosevelt administration was like an automobile. The radical members, the President, Pinchot and Garfield, were the engine; the conservative members, Hay, Knox and Root, were the brakes. In 1906 when the brakes were lost the engine ran away."

## Dorothy Dix's Talks

Learn to Be Efficient, Girls

THOUSANDS of young women are starting out this fall in the trade or profession by which they expect to earn their own bread and butter.

I salute them as comrades, and I congratulate them for the feeling of independence that pervades a woman's breast when she realizes that she has the strength to stand alone on her own feet and take care of herself, is the most soul-satisfying emotion that she will ever know.

But I wish I could say one word that would penetrate through the petty brown and black, and gold hair mats over the ears of all of these little sisters who are starting along the road that I have traveled so long and whose difficulties I know so well. And that word would be EFFICIENCY.

Take that word for your motto. It is the "open sesame" that will open the doors of big opportunities for you. It is the magic word that will bring you success if you keep it forever in your minds.

For on your efficiency depends whether you will earn merely bread and butter, or will make jam, and an angel's food. It is not a question of the kind of work you do, girls. It is the quality of the work that you do upon which your success depends.

The lowest rungs of every ladder are cheap seats. The topmost rungs are the places that command high prices. In every occupation in the world, from the lowest to the highest, from being scrubwomen to being President, there are little thin pay envelopes and big fat pay envelopes, and the little thin pay envelopes go to the incompetent workers, and the big fat pay envelopes go to the efficient workers. It's up to you to decide in which class you are going to qualify, and how much money you are going to receive.

Did you ever think of this: That you have to work just about as hard, and as many hours a day, to earn a little money as you do to earn a lot of money? Think it over, and you will see that it is true.

The cook who knows so little about cooking that she has never learned to make a decent cup of coffee, nor bread that is not a first aid to the undertaker, and who cannot cook a meat without getting it overdone or underdone, has to work just as many hours a day and just as hard for \$10 a week as the chef does for \$50. The chef of one of the big hotels in New York gets \$10,000 a year for spending only four hours a day at his job.

The dressmaker who puts things together hit-or-miss, and who is to be forever taking things out and putting them in, that she has ap-dashed together and gotten wrong, has to toil 10 times as hard for a few dollars as the competent dressmaker does for many dollars.

The poor stenographer who never learns to spell or to write accurately, and who cannot take a letter without a dozen mistakes, puts in just as many a time for small pay as the competent secretary does for good pay.

Consider these things, and you will realize that you save yourself nothing by slighting your work, and by being satisfied to remain incompetent. The only thing that you do to cut down your earning power and put a low valuation on your work.

It is efficiency that the world is looking to pay for. It is the extra touch of competence that commands its own price. It is the knowledge of how to make sauces and soups that lifts the chef above the cook. It is the knowledge of color and line that turns the dressmaker into an artist. It is her skill and accuracy that makes the stenographer a private secretary.

What are you going to do about it? Are you going to work for little money, or do you want a good salary?

Two girls start in at the same count to sell goods. One of them is still the same counter 10 years later, has drifted to another store where she has no better place, while the other girl has gone up to be the head of a department, or a buyer. The reason of it is that one girl was efficient and the other girl inefficient.

One girl did just as little work as the other could get by on. She never had much interest in the thing she was doing. She was lacking, uninterested when customers came to buy. I never took any trouble to try to sell them.

The other girl was on her tip toes the time. She was alert, eager to please, so enthusiastic she infected anyone who came to her counter with her belief that she was selling the best goods in town. And she sold her business so that she knew her job down to the ground.

In the end she had something worth paying for, and the world was glad to give her her price. Don't believe that there is but one way to get along in business. Don't say your faith to pull, or put your bet in favoritism. It is push that does it. The office pet is the girl who does the best work, whose letters do not have to be read over, whose figures do not have to be checked up, and who can be depended upon to turn in reliable and accurate work.

Therefore, girls, take time to learn to do things thoroughly, and put into your work every particle of energy and intelligence that you have. Remember that there is always a demand for good work, and always a place for the girl who can deliver the goods.

And remember that you will get what you earn. You will write your own price tag. It remains with you to set the figure on your work.

## Queen

Elizabeth

Asks - - -

WHAT do American women eat and dress, and what do they do to amuse their husbands? That is one of the things Queen Elizabeth of Belgium, who was in St. Louis the other day, wanted to find out on her tour of the United States.

Their cheerfulness, versatility, their taste in dress and the way in which they make their sweethearts and husbands idolize them is a source of wonder to the Queen, who wants to obtain the secret to pass on to her own people.

Visits to factories, department stores, other places where girls are employed, was one of the chief items on the royal program, and from this side of it the Queen expects to obtain much of the secret. Then there will be opportunities to visit the real American home, and the Queen will utilize the chances of studying the home life wherever possible.

Girls' schools—both convents and co-educational colleges—will also be visited by the Queen.

The Queen's interest in the American woman's life must not be taken to mean she thinks the Belgian women are dissatisfied. On the contrary, the Queen is proud of the home life of the Belgians. But where there's room for improvement she wants to give them a chance to develop it.

## Activities

of Women

By WINFRED SHORT.

Over 1000 women in the United States are regularly ordained ministers.

The once famous Parisian actress, Eva Lavalliere, has entered the convent of the Carmelites at Marseilles.

Women shoe workers in the Lynn, Mass., factories earn from \$20 to \$40 per week, the latter for skilled workers.

Miss Mary Vail Andrews has the distinction of being the first woman war worker to receive the Distinguished Service Medal from the United States.

In the Philippine Islands there are at least a half dozen women lawyers, a number of female physicians and nurses, a good many pharmacists and a large body of teachers.

South America has only one women's organization, the Club de Senoras, of Santiago, Chile.

Miss Elizabeth Harrison, daughter of the late President Benjamin Harrison, who has just been admitted to the practice of law in Indiana, is but 22 years of age. She recently completed her law course at the New York University, but will take up additional law work at Columbia University before beginning the practice of law in Indianapolis.

But just then Willy loosened the rope, the heavy iron grate swung around and dropped right into the Dragon's mouth. In 10 minutes the great Dragon lay dead.

"A pretty good job for a fellow of your size," exclaimed the King. "That

# Judging by Their Speed Regan and Sharkey Are the Birds Who Put the Hurry in Hurricane

## 'Kid' Regan Meets Sharkey in Return Contest, Tonight

New Yorker Shaded Local Boy in Eight-Round Contest Here Two Weeks Ago.

### Tonight's Boxing Bout at Future City A. C.

**MAIN EVENT**—Charles Crouse (Kid Regan) of St. Louis vs. Jack Sharkey, New York, eight rounds at 125 pounds.

**SEMIWINDUP**—Bobby Anderson, Duquoin, Ill., vs. Al Baldwin, Taylorville, Ill., eight rounds at 125 pounds.

**PRELIMINARY**—Pete Macklin, St. Louis, vs. Kid Albert, St. Louis, eight rounds at 125 pounds.

Charles Crouse (Kid Regan), St. Louis' leading attraction, will have a chance to wipe out the "shade" defeat handed him two weeks ago in the same ring by Jack Sharkey of New York, when the pair opposed each other in the Future City A. C. feature eight-round bout at the Coliseum. The first clash between the 120-pounders was so close and interesting that Tommy Sullivan immediately rematched them.

Regan, who is a whirlwind for action, was completely taken by surprise in his first encounter with Sharkey. The visitor proved something of a tornado. He leaped from his chair and shot left against Crouse's jaw before the South St. Louis could get his mitts up for protection. The attack was just one whirling after another, Sharkey gaining the edge because of his ring generalship and his punches carried more power than Regan's.

Ever since Sullivan announced that the pair had rematched, Regan has been working hard. He has been boxing with Young Dundee and Patsy Flannagan, and has gone through the novelty of opposing both boys at the same time. He will be in shape to give the best of his life. One thing certain, Sharkey will hardly catch him by surprise with his left, as he did in their first meeting.

**Bout Will Be Good One.** Sharkey arrived here Sunday and yesterday went through a brief workout. His manager announces that he will be in better condition than three weeks ago, and that he expects to take the local boy. However, this latter is a topic which will be discussed by the referee and others will attest. No matter what happens, if Sharkey proves as willing a mixer as he did two weeks ago, the bout is sure to be an interesting one.

Bobby Anderson, the hard-hitting lightweight from Duquoin, Ill., will make his first appearance in some time, when he opposes Al Baldwin of Taylorville, Ill. In the semiwindup, Anderson, up to the time he broke his hand some two years ago, was considered one of the best lightweight prospects in this city. Little is known of Baldwin here, but he is reputed to be able to give and take a hard punch.

Pete Macklin, who was a winner at the last Future City show, will appear again tonight in the curtain raiser, when he opposes Kid Albert, another local boxer.

Walter Helmer will referee all bouts. Tommy Sullivan announced last night that an additional ticket window and door would be opened to take care of the expected number of late ticket seekers. Tickets can be obtained all day and those holding membership cards will be able to buy them at the Coliseum tonight.

**Kabby Meets Tough Guy.** Harry Kabakoff, the Ghetto Ghost, is going to have his hands full on the night of Nov. 13, when he meets Dick Leadman of Lockport, N. Y., in the Hialeah club. Kabakoff is a memory. Reports of Leadman's bout with Frankie Brown of New York indicate that the Lockport boy is of the rushing type, who never lets up a minute.

Leadman and Brown boxed 12 rounds in Baltimore and the former was the winner. This is quite a feat considering that Brown early in the campaign defeated Johnny Kilbane, sending the featherweight champion to the floor early in the bout.

According to the articles of the Leadman-Brown bout, Leadman employs little science, but carries a wicked punch in both hands. That he is a hard puncher is shown by the fact that he has knocked out three one-time tumbler champions, in three rounds.

**MRS. COWGER AVERAGES 181 IN WOMEN'S TENPIN EVENT AT WASHINGTON**

Mrs. A. Cowger proved the star in the first round of the women's elimination bowling tournament being staged on the Washington alleys yesterday, when she averaged 181 1-3 in defeating Mrs. J. A. Johnson three straight games.

Mrs. Cowger had games of 186, 174 and 172. Mrs. Johnson's high game was 165.

In the other matches, Mrs. L. Jost defeated Mrs. William Helm, three out of five; Mrs. E. E. Grob eliminated Mrs. F. Obardovitz; Mrs. M. J. Casey with a total of 539, including a high game of 211, won from Mrs. Neuf, while Mrs. George Court trimmed Mrs. Musick.

Matches for today are as follows: Mrs. Eva Steila vs. Mrs. M. Kelly Jr.; Mrs. George Meyer vs. Mrs. T. J. Carroll; Mrs. George H. Durbin vs. Mrs. J. R. Scheuerman. Following Monday's matches there will be a drawing for second-round contests next Monday.

**Blackburn Beat W. M. A.** Blackburn College of Carlinville, Ill., last Saturday, defeated the Western Military Academy of Alton, 16 to 10, in a contest played at Alton. This week end, Blackburn is scheduled to play McKendree College at Carlinville.

## WRAY'S COLUMN

If You Can't "March," Don't Mark Time. A FAMOUS football word is passing from the lexicon of football. It is the expression "march," signifying uninterrupted progress of an eleven down the field. Today the "march" remains only for elevens that hopelessly outclass opponents.

In the days of the mass play, teams frequently received the ball on the kick-off and "marched" the length of the field for a score, without losing the ball. It was a grinding process being a matter of inches gained on each lunge.

In those days a football general would cling to the ball more tightly than a drowning man to a life-preserver. To boot the oval was tolerated in desperate emergency only, while to lose it on a fumble meant something only a little short of being shot at sunrise.

Today, a great many tacticians are still clinging to the tenets of other times, but to the ball. They are loath to plan systems of attack that involve surrendering the oval. If you doubt this, read the football account, in Sunday papers and note how many games carry in substance the same old story. The beaten team outplayed their opponents, gaining three times as much ground as the victors.

**Wasting Man-Power.** To the case-hardened football man of other days this may mean that hard luck caused the defeat of the better eleven. To the more modern tactician it signifies that the defeated team's coach taught his men physically beyond their strength.

Local games have shown the folly of trying to "march" from deep home territory down the length of the field and across the goal line. By the time the "marching" eleven has reached the 20-yard scoring zone, its grinding efforts have exhausted the runners, while the most difficult terrain of all still remains to be crossed—the last 20 yards. The old-line coach then finds his players have lost their punch, when he calls on them and they surrender the ball on downs or try for a field goal.

**It Saves the Players.** The modern trend is toward the employment of kicking or forward passing game between the two 20-yard zones, so that the line smashes and heavy attacking force will be comparatively fresh for the final effort to cross the line. Just enough line attacking to keep the enemy guessing is all the up-to-date tacticians are using in midfield.

Washington last year and so far this season has favored the open play. In both title games the Pikers have allowed the enemy to exhaust its runners in midfield. The tired enemy machine was then easily halted at or before the scoring zone was reached.

**What a Goal Kicker Means.** MISSOURI has a field-goal kicker in Lewis. Washington has one in Tommy Thompson, but he is not in the game regularly. Field goals have won many games this season. Had Nebraska boasted such a player it might have beaten both Minnesota and Oklahoma. Instead of playing to a Cornell save, its face when Shiverick booted one over against Williams, for a final score of 3-0.

Washington's kicking is its weak department. In games thus far, the Piker kickoffs and punts, as well as have been too low and fast for the ends to do effective work. It wasn't until the Cornell game that the ends were down field waiting to tackle the man about to receive a punt. This has yet to be seen this year at the Piker end of the field. Just enough line attacking to keep the enemy guessing is all the up-to-date tacticians are using in midfield.

Washington last year and so far this season has favored the open play. In both title games the Pikers have allowed the enemy to exhaust its runners in midfield. The tired enemy machine was then easily halted at or before the scoring zone was reached.

**Pikers to Start Secret Football Practice Today**

Rutherford to Drill Players on Plays to Be Used in Three Remaining Big Games.

Secret football practice will be started by Coach Rutherford this afternoon, when the Pikeaway squad is taken to a rendezvous in St. Louis County to learn the mysteries of the plays that have been designed to foil the Drake, Missouri and St. Louis University elevens in the three remaining big games of the season.

Yesterday's workout was in the nature of a mental drill, for the blackboard in the gymnasium, inasmuch as the playing field was an uninviting quagmire. Rutherford went over all of the plays used in Saturday's game and pointed out the why and wherefore of failure to properly execute.

A member of the squad turned up without an injury, which was pleasing to the Piker coach. Even Capt. Grisesdeck, who entered and left the Grinnell contest with a bad ankle, said that the hurt member was now in good shape.

On the subject of Grisesdeck, it might be well to mention that he failed to receive some distinction that was coming to him. The captain scored both touchdowns against the Iowa State team, but carries a wicked punch in both hands. That he is a hard puncher is shown by the fact that he has knocked out three one-time tumbler champions, in three rounds.

**COLLIE CLUB IS AFTER ENTRIES FOR FUTURITY**

The St. Louis Collie Club is mailing entry blanks for the 1920 Futurity, which will be the fourth event of the kind given by this club. Puppies born in 1920, between April 1 and Sept. 1 are eligible and nominations must be made before Nov. 1.

The St. Louis Collie Club is the oldest club in the United States, except the Collie Club of America, and has given 19 shows for collies only. The club was started in 1898, among the charter members being John A. Long, Dink Parrish, Billy Mullah, Brandt van Blarcom and Alfred Forsythe.

For the only one of the charter members who is now interested in the dogs of this living, Mrs. L. M. Mullah is shown for collies only. They were active in kennel matters, and had much to do with the success of the Mississippi Valley Kennel Club.

**Luque Beats Pirates.** HAVANA, Oct. 25.—The Almendares team defeated the Pittsburgh Nationals League team yesterday, 2 to 1. Score: Pittsburgh.....1 6 0 Almendares.....2 1 1 Batteries: Ponce and Krueger; Luque and Abreu.

## 17 Basket Stars Make Outlook at Pikeaway Brilliant

Practice to Be Started at Francis Gymnasium Today Under Former Coe Guard.

Practice for the 1920 basketball season at Washington University will be started this afternoon at Francis Gymnasium, under the direction of Prof. A. L. Shipton, a member of the academic faculty. Prof. Shipton played a guard position for three years at Coe College, when that school held the court title of Iowa. He will conduct the workout until Coach Rutherford has been released from his duties with the football squad.

Heretofore basket practice has not been started at the local institution until the close of the gridiron season; but it will conduct the workout until Coach Rutherford has been released from his duties with the football squad.

Included in today's turnout will be Capt. Donald Russell, a guard, and former Capt. Carl "Toddy" Kamp, who led the court forces in 1917. Kamp is also a guard. These two men are both players who rank with the best guards in the conference, but, despite their captaincies, their positions are not secure for the coming season. Included in the 1918 team were several men who are certain to press them to the limit for jobs as regulars.

**Hard Now Eligible.** Hurd, who last year was the scoring sensation of Francis Gymnasium, is now eligible to play. Hurd has been out for the "gym" pepping the baskets for the past two weeks and appears to have a forward pivot man lined up. Coach Rutherford last season said that this man was one of the best scoring forwards he had ever seen.

McElwain, forward last season, in the third letter man to join the conference. He got off to a bad start last season, but when the Piker attack failed late in the season, he was put into the lineup, and thereafter he remained at his position.

Other players who will report today are members of last season's basketball squad. Even the former league player late in the year. Among them are Linnemeyer, Haase, Campbell and Breckman.

**Two Star Centers on Hand.** The football players who will join the court ranks late in the season are: Hausladen, Berger, Krahe, McCallum, George Thompson, Tom Thompson, Conzelmann, Marquard and Lippert. Marquard, Berger and McCallum are letter men from last year.

The big question of the hour for the basketball director is what to do with Marquard and Lippert, two star centers. Marquard has won recognition by his play in the Conference, while last year many critics picked Lippert as the city's best pivot man. In scrimmages, the former freshman played all to a standstill. Certainly neither one can be left on the sidelines.

The general conclusion is that Marquard this season will be developed into a forward, because of his splendid floor play and ability to shoot baskets.

Whatever the combination, in Washington, with a turnout of 17 capable basket tossers, expects to romp home with the Missouri Valley Conference title in the winter sport.

**FELTON WINS SCULLING TITLE DEFEATING BARRY IN 4 1/2 MILES EVENT**

PUNNEY, England, Oct. 25.—Alfred Felton of Australia yesterday defeated Ernest Barry, for many years sculling champion, for the sculling championship of the world.

The new champion, who is 39 years old, first came into public notice in 1913, when he was defeated by Ernest Barry in a match for the Australian championship. Felton next was defeated by Paddon, who subsequently lost to Barry on the Thames.

Felton covered the 4 1/2 miles in 23 minutes 40 seconds, beating Barry six lengths. There was a high wind, and Felton was favored by drawing the position near the shore. Barry's shell shipped much water during the contest.

**MARTIN, A. E. F. TITLE HOLDER, SCHEDULED TO OPPOSE BONDS TONIGHT**

AKRON, O., Oct. 25.—Bob Martin, A. E. F. heavyweight champion, who is under the management of Jimmy Brown, will make his first appearance in the ring in this country tonight, when he meets Joe Bonds of New York in a 15-round bout here.

Martin has been training for the contest for some time and has shown to advantage in his workouts. He has been using rushing tactics against Bonds.

**CHAMPION HOPPE WILL OPEN TOUR IN JANUARY**

NEW YORK, Oct. 25.—While Hoppe, who in the 182 balkline championship tournament staged last week, showed that he is in a class by himself, will start his exhibition tour next January. The tour will not be completed until next May.

According to reports, it is said that just before the national event, Cochran, Schaefer and Yamada banded together and demanded \$2500 regardless of where they finished. The report is that they got what they wanted.

**Moy Defeats Droney.** LANGCASTER, Pa., Oct. 25.—Eddie Moy of Allentown outpointed Tim Droney of this city in a fast 16-round contest last night.

## Longer Sessions for the Billikens Ordered by Coach

Extended Workouts Starting Today to Prepare for Strong Marquette Eleven.

Clear skies and the prospect of ideal football weather boosted the spirits of Coach Rademacher and his St. Louis University gridiron squad this morning. The rain yesterday prevented the team from working out the stiffness remaining from the Rolla game, and after running up and down the Sportsman's Park a few times the Blue and White warriors called it a day.

Although the Billikens went into the Rolla game with several men weakened from old injuries, the squad did not come out of the fray much worse for wear. With an easy game on next week's schedule the men of Rademacher will have two weeks to prepare for their big game with Marquette.

This afternoon the St. Louis squad will start intensive training to improve the wind and stamina of the athletes. Lack of staying power is the chief weakness as shown in the tilt with the Miners. Although lacking in poundage, according to collegiate standards, the Billikens have shown a real punch. The backfield proved it could deliver in the pinch. Saturday. Also the line, where all of the St. Louis U. beef is collected, showed a greater ability at splitting the opposing squad than had been expected.

**Hard Drills Scheduled.** With the clock turned back an hour and plans made for extra long sessions every night preparations have been made to light the field for the workouts. To date Rademacher has been kept so busy teaching his men signals that the hardening stunts usually employed by a coach have been omitted a from the program. Even signal practice will be limited to enough to keep the men up on the plays. The greater part of the time will be devoted to scrimmages and exercises the coach has found especially effective in hardening football squads.

The blue and white expects to romp away with next Saturday's game with Valparaiso, but the following week, they realize they have a real foe, and the Billikens realize that if they could hold the strong Marquette machine to a respectable score it would be a great triumph, making up to a large extent for the poor showing the squad made in its early season work.

**DIAMONDS WATCHES ON CREDIT.** Latta Bros. & Co., 20 floor, 308 N. Sixth.

## SPORT SALAD

Ode to Weatherman. SHOWERS tonight and colder tomorrow. For weeks the prediction had stood: His faith was sublime and in due course of time The prognosticator made good.

The Weatherman sets us a shining example. And we should all take it to heart: Sit tight in the boat with a faith that is ample And never give up at the start.

**Forecast.** For St. Louis and the whole United States a protracted dry spell followed by a wave of protest.

It is rumored that the Anti-Saloon League has asked for waivers on John Barleycorn, whose batting average has been steadily slumping during the past year or two.

In order to bridge the space between libations the Governors of North and South Carolina will have to pledge each other in a glass of sparkling H2O.

The man on the sand box says the enforcement act will cast a wet blanket on the minstrel bed.

In the meantime we look for a bumper cotton crop. Everybody's spittin' it.

Make your own and die in the house. Many persons think that the best way to get around the liquor question

**LEO WITT KNOCKS OUT HARRIS IN FOURTH ROUND**

DETROIT, Oct. 25.—Leo Witt, St. Louis lightweight, knocked out Sammy Harris in the fourth of a scheduled 10-round bout here last night. The St. Louisan easily had the better of the first three sessions during which time he hammered his opponent all over the ring.

**Tender Beats Thorpe.** DETROIT, Oct. 25.—Law Tender, the Philadelphia lightweight, defeated Harvey Thorpe, Kansas City, in every round of their 10-round contest here last night. Thorpe received a cut over one eye in the third session and the injury handicapped him the remainder of the bout.

**Bob Roper Wins Bout.** DES MOINES, Ia., Oct. 25.—Bob Roper of Chicago defeated Hugh Walker of Kansas City in a 12-round bout here last night. Roper was the better of the contest, but the referee stopped the fight at the 11th round because of a cut over one eye.

**TRANS-CITY SOCCERITES OPEN CAMPAIGN SUNDAY**

The Transcity Soccer League will officially open its season next Sunday with two games at the Rankin tract. In the first contest, the Cornishians battle the St. Francis Xaviers, while in the second the Hoofters take on the All-Americans. John Driscoll will referee. The first game starts at 1:30 o'clock.

**Early Liberty Bots.** NEW YORK, Oct. 25.—Liberty bonds were sold in a big way in the city today. The first day's sales were \$1,000,000. The second day's sales were \$1,000,000. The third day's sales were \$1,000,000. The fourth day's sales were \$1,000,000.

## Sectional Voting Plan for Tennis Clubs Formulated

Western Executive Committee Unanimously Indorses Amendment to Constitution.

BY DAVIDSON OBEAR, Secretary St. Louis Lawn Tennis Association.

CHICAGO, Oct. 25.—The Executive Committee of the Western Lawn Tennis Association, at its meeting yesterday, unanimously adopted resolutions calling for amendments to the constitution of the national organization and instructed Secretary J. C. Stewart to forward these resolutions to members of the Committee on Voting and Equalization, requesting immediate action.

As a result of the meeting the Western Association has inaugurated a campaign to bring the constitution of the national organization into line with the needs of the tennis clubs in the United States.

The amendments recommended will give greater recognition to sectional associations and such organizations to develop legislation before every tennis club in the United States.

## MORE TRUTH THAN POETRY

By James J. Montague.

## THE FIRST SUSPENSION BRIDGE.

Once some little winged goblins, who were toiling up a hill, found their pathway quite obstructed by a tiny rippling rill. Just a thread of silver water, but your goblin is discreet. And he never, in cold weather, likes to wet his little feet. So they held a consultation on a bed of fluffy moss underneath a spreading plantain as to how to get across.

Not a leaf was there to serve them as a handy ferryboat. Not a twig to build a raft of, not a petal they could float. And they'd grown a bit discouraged when one goblin cried, "Look there! There's a spider busy spinning fine strong cables in the air. Let us see if he won't hang them like a bridge across the grass—hang them well above the water, so that we may safely pass!"

So they sent a delegation to the spider in his tree. Praised his cunning and his spinning, and put forth their little plea. And the flattered cable weaver lightly leaped across the stream. Threading deftly out behind him many a long and silken beam, till the cobweb bridge was built, and the goblins crossed the rill. And departed dry and happy on their journey up the hill.

If you doubt the tale I've told you, come with me at dawn some day. When the dew is on the clover and the mist is thin and gray. And around behind the oak tree just outside the little glade. You will see a bridge of silver, flung from blade to bending blade. And, although you can't see goblins passing on from shore to shore. You will know that they have been there, and you'll doubt my word no more!

## PASS IT ALONG.

New Miss Mr. Rockefeller has given \$50,000,000 to make better doctors. It is up to the doctors to make their patients better.

## MAKE THE MOST OF IT.

With rents at their present figure the telephone company will soon feel justified in charging a half dollar an hour for use of a telephone booth.

## New Use for a Quarantine Sign

During an epidemic in a small Southern town every infected house was put under quarantine. After the disease had been checked, an old negro protested vigorously when the health officers started to take down the sign on her house.

"Why, Auntie," exclaimed the officer, "why don't you want me to take it down?"

"Well, sah," she answered, "dey ain't be'n a bill collectah neah dis house sence dat sign went up. You-all let it alone!"—Harper's.

## Screen School.

Mrs. Smythe: What a jewel of a butler you have! He must have had many years' experience.

Mrs. Browne: No; I learned just recently that all he knows he learned from the movie butlers.—Film Fun.

## Their Appearance.

"It is remarkable," philosophically said Old Codger, "that the man who does not know much of anything and knows that little all askew, usually assumes the tone and attitude of one who knows everything and is aware that when he departs this life wisdom will die with him. This appearance is most often found in horse doctors, grocery store sales and trifling sons-in-law, such as mine."—Country Gentleman.
